1.1.1 The Articles and provisions contained herein and the appendices attached hereto constitute a bilateral and binding agreement ("Agreement") by and between the Board of Education of the Coronado Unified School District ("Board") and the Association of Coronado Teachers (ACT)/California Teachers Association (CTA)/National Education Association (NEA) ("Association"), an employee organization.

1.1.2 This Agreement is entered into pursuant to Chapter 10.7, Sections 3540-3549.3 of the Educational Employment Relations Act.

1.1.3 Term

This Agreement shall commence on July 1, 2020, and continue in effect until June 30, 2023. For each school year covered by this agreement, each party shall have the right to reopen three articles of the Agreement.

1.2 Effect of Agreement

1.2.1 This Agreement terminates and supersedes all past practices, agreements, procedures, traditions, rules, or regulations concerning matters covered herein.

1.2.2 The parties agree that during the negotiations which culminated in this Agreement, each party enjoyed and exercised without restraint, coercion, intimidation, or other limitation the right and opportunity to make demands and proposals or counterproposals with respect to any matter not reserved by law from compromise through negotiations; and the understandings and agreements arrived at after the exercise of the right and opportunity are set forth herein.

Except for (1) the exercise of reopening rights, (2) negotiations arising from programs initiated by District management which impact negotiable terms

and conditions of employment, or (3) legislative enactments impacting negotiable matters during the term of this Agreement, neither party shall be required to negotiate with respect to any matter whether or not covered by this Agreement and whether or not within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

- 1.2.3 All matters within the scope of bargaining have been negotiated and agreed upon. The terms and conditions set forth in this Agreement represent the full and complete understanding and commitment between the District and the Association.
- 1.2.4 This Agreement shall be subject to change, amendment, or supplement, at any time by mutual consent of the parties. Any such change, amendment, supplemental agreement shall be reduced to writing, signed by the parties, and submitted to the Board of Education and members of the Association for ratification. When the memberships of the Association and the Board of Education have ratified the Agreement, it shall be implemented in accordance with its terms.
- 1.2.5 There shall be two (2) signed copies of the final Agreement for record keeping purposes. One (1) shall be retained by the District and one (1) by the Association.
- 1.2.6 Within one (1) month of ratification of this Agreement by both parties, the District agrees to print and provide, without charge, fifteen (15) copies of the Agreement to the Association. In addition, a copy will be supplied to all administrators, association representatives, and new certificated employees. Copies shall also be available at each unit member work site/department. The Agreement shall be posted on the District's website.
- 1.2.7 Improvements in statutory benefits for unit members, which are brought about by the amendment or addition of statutory guarantees now provided in California or federal law shall be incorporated into this Agreement.

1.2.8 Reduction or elimination of statutory benefits for unit members which are brought about by the amendment or repeal of statutory guarantees incorporated into this Agreement shall obligate the parties within ten (10) days of such amendment or repeal to set a date to negotiate for the purpose of restoring such benefits in this Agreement to the extent the law permits.

1.2.9 **Non-Reduction of Benefits**

Negotiable benefits provided in this Agreement shall not be removed or reduced during the term of this agreement unless mutually agreed upon, and in compliance with the Act.

ARTICLE 10
GRIEVANCE PROCEDURE

10.1 Definitions

10.1.1 Grievance

A grievance is a claim of one or more unit members or the Association acting by permission of the unit member that there has been a violation, misinterpretation or misapplication of a provision of this Agreement, or a violation, misapplication or misinterpretation of the Education Code or Board Policy as it bears upon some aspect of this Agreement.

10.1.2 Aggrieved Person

An aggrieved person is the person or persons, including the Association or representatives thereof, acting by permission of a unit member making the claim.

10.1.3 A Party in Interest

A party in interest is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

10.1.4 Representative

A representative is another unit member, an agent of the Association, or legal counsel who shall represent any party in interest at his or her election.

10.1.5 Claim

A claim is the assertion of a grievance by one (1) or more unit members or by the Association acting by permission of the unit members.

10.2 Purpose

The purpose of a grievance procedure is to secure at the lowest possible administrative level, equitable solutions to problems, which may from time to time arise regarding interpretation or application of this Agreement. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

10.3 Procedure

10.3.1 Level 1: School Principal

10.3.1.1 No grievance shall be recognized unless it shall have been presented at the appropriate level within twenty (20) duty days after the aggrieved person knew, or reasonably should have known, of the act or condition and its aggrieving nature that form the basis of the grievance; and if not so presented, the grievance will be considered as waived. An aggrieved person will first discuss the grievance with the appropriate principal or principal's designee with the objective of resolving the matter informally. The aggrieved person may have a representative(s) present at this informal meeting. If the aggrieved person is not satisfied with the disposition of the grievance, he or she may file the grievance in writing with the principal and may also file with the President of the Association. If the aggrieved person has not filed a claim within ten (10) duty days after speaking with the principal informally, the grievance will be deemed to have been waived.

10.3.1.2 Upon receipt of the written grievance, the principal shall render within five (5) duty days a written decision and the reasons therefore to the aggrieved person and the President of the Association.

10.3.2 Level 2: Superintendent or Designee of the Superintendent

10.3.2.1 If the aggrieved person is not satisfied with the disposition of the grievance at Level I or if no written decision has been rendered within five (5) duty days after the principal receives the written grievance at Level I, the aggrieved person may within five (5) duty days, forward the written grievance to the Superintendent.

- 10.3.2.2 Within five (5) duty days after receipt of the written grievance by the Superintendent, the Superintendent or the Superintendent's designee shall meet with the aggrieved person, the Association representative, and another representative selected by the aggrieved person if desired, in an effort to resolve the matter.
- 10.3.2.3 Within ten (10) duty days after meeting with the aggrieved person, the Superintendent shall submit in writing a proposed resolution to the aggrieved person and to the President of the Association.
- 10.3.2.4 Within ten (10) duty days after receipt of the Superintendent's proposed resolution, the Association representative and the aggrieved person shall transmit to the Superintendent a written response. Such response shall indicate agreement or disagreement with the Superintendent's proposed resolution. Supporting rationale shall accompany a position of disagreement.
- 10.3.2.5 Following completion of Level II, if the aggrieved person wishes to pursue the grievance, he/she shall have the option of proceeding next to either Level III or Level IV. However, both Levels III and IV must be completed before proceeding to Binding Arbitration.

10.3.3 Level 3: Board of Education

- 10.3.3.1 If the aggrieved person is not satisfied with the disposition of the grievance at Level II or the time limits expire without issuance of the Superintendent's written reply, the aggrieved person may submit the grievance to the Board for consideration. Such action must be taken no later than fifteen (15) duty days after the Superintendent's written decision has been rendered or the time limits for said decision have expired. The Board shall consider the grievance in Closed Session.

The aggrieved person, his or her representative, and a representative of the Association may present a written or oral argument to the Board during the Closed Session. The Board shall consider only those evidentiary materials which have been presented at Levels I and II.

10.3.3.2 Written notification of the Board's decision shall be made to the parties in interest within ten (10) duty days after the Closed Session in which the parties in interest presented the grievance. If the Board fails to provide said written notification, the grievance shall be granted in favor of the aggrieved. The Board shall see that appropriate action is expeditiously implemented.

10.3.4 Level 4: Advisory Mediation

10.3.4.1 If the grievant is not satisfied with the decision at Level II or Level III, the Association may within five (5) duty days submit a request, in writing, to the Superintendent for advisory mediation of the dispute. The Association shall then make a written request to the California Conciliation Services for the services of a mediator. A copy of such request will be provided to the Superintendent. Mediation proceedings will be conducted within a reasonable time, but not less than five (5) duty days following the availability of a mediator.

10.3.4.2 All expenses attendant to the mediation shall be borne by the party incurring them.

10.3.4.3 The mediator shall, as soon as possible, hear evidence and arguments from the parties, and shall endeavor to assist them in drafting a mutually satisfactory settlement agreement. If no agreement is reached, the mediator shall render an advisory decision on the issue or the issues submitted, as provided in Section 10.3.4.5. If the parties cannot agree upon a submission agreement, the mediator shall determine the issues by referring to the written grievances and the answers thereto at each step.

- 10.3.4.4 The mediator shall have no power to add to, subtract from, or modify the terms of the Agreement.
- 10.3.4.5 Within ten (10) duty days following the mediation proceedings, the mediator will submit a written statement of findings and recommendations to all parties.
- 10.3.4.6 The Superintendent or Board will then have five (5) duty days to consider the mediator's recommendation and to inform the Association and the aggrieved person in writing of the decision regarding its disposition.
- 10.3.4.7 If the aggrieved party and/or the Association is not satisfied with disposition of the grievance at the previous highest level or if no disposition has occurred within five (5) duty days of receipt of the mediator's recommendation, the aggrieved party may request the Association to submit the grievance to arbitration. Such request shall be submitted to the Association President in writing within ten (10) duty days of receipt of the disposition at Level IV.

10.3.5 Level 5: Binding Arbitration

- 10.3.5.1 If the aggrieved party is not satisfied with the decision at the previous levels, within ten (10) duty days of receipt of that decision, the grievant may request that the Association proceed to Binding Arbitration. If the Association decides to proceed to arbitration, it shall notify the District in writing, within ten (10) duty days of receipt of the aggrieved person's request for arbitration. Within ten (10) duty days of such notification, representatives of the District and the Association shall attempt to agree upon a mutually acceptable arbitrator and obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator within the specified period, the Association shall request a list of arbitrators from American Arbitration Association/California Conciliation Services.

The selection of the arbitrator and the arbitration proceedings shall be conducted under the Voluntary Labor Arbitration Rules of the American Arbitration Association.

10.3.5.2 The arbitrator's decision will be in writing and will set forth the findings of fact, reasoning and conclusion of the issues submitted. The arbitrator will be without power or authority to make any decision that requires of the commission an act which is prohibited by law or which violates the terms of this Agreement. However, it is agreed that the arbitrator's award may include a remedy that will restore (i.e. make whole) the injured party but will not include any punitive damages. The decision of the arbitrator will be submitted to the Association and the Superintendent and will be final and binding upon the parties. If any question arises as to the arbitrability of the grievance, such question will be ruled upon by the arbitrator only after he/she has had an opportunity to hear the merits of the grievance.

10.3.5.3 Except as provided herein, all costs for the services of the arbitrator, including, but not limited to, per diem expenses, his/her travel and subsistence expenses and the cost of any hearing room, will be borne equally by the Board and the Association. Arbitrator's fees and costs for grievances pursuant to Article XXIV, Just Cause/Discipline, will be borne by the District. All other costs, except for released time for the grievant(s), Association representative(s) and witnesses will be borne by the party incurring them.

10.4 Time Limits

10.4.1 Time limits provided for at each level shall begin the duty day following receipt of the grievance, grievance appeal, or written decision.

- 10.4.2 Since it is important that grievances be processed as rapidly as possible, the time limits specified at each level should be considered to be maximums, and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.
- 10.4.3 In the event a grievance is filed at such times that it cannot be processed through all the steps in this grievance procedure by the end of the school year, and, if left unresolved until the beginning of the following school year could result in harm to the aggrieved person, the time limits set forth herein will be reduced so that the procedure may be exhausted prior to the end of the school year or as soon as is practicable.
- 10.4.4 Any grievance not appealed to the next step of the procedure within the prescribed time limits shall be considered settled on the basis of the answer given at the preceding step.

10.5 Expedited Arbitration

- 10.5.1 Upon mutual agreement of the Association and the Superintendent and Board, a grievance may be taken directly to arbitration.
- 10.5.2 The arbitration may be held under the Expedited Rules of the American Arbitration Association at the option of the Association and the District acting jointly. Notice of such option shall accompany the Demand for Arbitration.

10.6 Rights of Representation

A unit member alleging a grievance may be represented at all stages of the grievance procedure by an Association-designated representative. In accordance with applicable Government Code, a unit member may process a grievance through Level IV without an Association-designated representative provided that any adjustment reached prior to arbitration is consistent with the terms of the Agreement. If a unit member presents a grievance on his/her own behalf, the Association shall have the right to be notified of the grievance and to be present and state its views at all levels. The District shall not agree to a resolution of the grievance until the Association has received a copy of the grievance and its proposed resolution and has been given the opportunity to file a response.

10.7 No Reprisals

No reprisals of any kind will be taken by the Superintendent or by any member or representative of the administration or the Board or by any Association officers, members, or advisors against the aggrieved party, any party in interest, any member of the Association, or any other participant in the grievance procedure by reason of such participation.

10.8 General Considerations

10.8.1 The Association, either on its own behalf or on behalf of the affected teachers, may initiate a grievance at Level II that affects more than one teacher in a single building or teachers in more than one building.

10.8.2 The aggrieved person may change his or her designated representative at any level during the grievance process. The President of the Association shall designate an Association representative acting by the permission of the unit member. The aggrieved person shall be present at all steps of the grievance procedure.

10.8.3 Forms for filing grievances, serving notices, taking appeals, making reports and recommendations and other necessary documents shall be prepared by the Association and the District and given appropriate distribution so as to facilitate operation of the grievance procedure. The costs of preparing such forms shall be borne by the Board.

10.8.4 Upon request, the Superintendent or designee, and the Association representative agree to make available to all parties in interest all pertinent information not privileged under the law that is relevant to the issues raised by the grievance.

10.8.5 When it is necessary for a representative designated by the Association to investigate a grievance or attend a grievance meeting or hearing during the duty day, he/she will, upon notice to the principal or immediate supervisor by the President of the Association, be released without loss of pay in order to permit participation in the foregoing activities.

Any unit member who is requested to appear in such investigations, meetings, or hearings as a witness will be accorded the same right.

- 10.8.6 All documents, communications, and records dealing with the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants.
- 10.8.7 Action by a unit member to challenge or change the provisions of this Agreement or the policies of the District is not within the scope of the grievance procedure.
- 10.8.8 When multiple grievances are filed which present common issues of facts and contract interpretation, the Superintendent and the aggrieved persons may mutually agree on the consolidation of said grievances.

ARTICLE 13
TRANSFER AND REASSIGNMENT

13.1 General

The Superintendent, or designee, pursuant to Section 35035 of the Education Code, shall determine assignments for unit members.

13.2 Definitions

13.2.1 Transfer is defined as the movement of a unit member from one (1) school site to another pursuant to Section 13.2.5.

13.2.2 Reassignment is defined as a change in the assignment at the same work location. "Assignment" means the department, subject area, or grade level.

13.2.3 Voluntary Transfer/Reassignment is a transfer or reassignment which is initiated through a request by a unit member.

13.2.4 Involuntary Transfer/Reassignment is a transfer or reassignment which is initiated by the Superintendent or designee.

13.2.5 Vacancy is defined as the existence of a teaching position resulting from the creation of a new position due to increased enrollment or change in population, the approval of a leave, a transfer or reassignment, or the need to fill a position because a unit member has left the employ of the District.

13.3 Notification of Interest in Transfer or Reassignment

13.3.1 An official District Request/Intention form will be completed annually by February 15, indicating the unit member's interest in pursuing a voluntary reassignment or transfer within the District.

13.3.2 The Request/Intention form will be kept on file in the District's Human Resources office during the following year and will be used in determining the names of those unit members interested in reassignments and transfers.

- 13.3.3 In the case of a change to any of the information on the Request/Intention form it is incumbent on the unit member to notify the District of these changes as soon as possible, but no later than February 15.

13.4 Filling Vacancies Through Voluntary Reassignments

- 13.4.1 If a vacancy occurs during the school work year, the site principal will first notify the certificated staff in writing, to include a notification of interest deadline to determine if it can be filled through voluntary reassignment; then refer, if there is no interest, to the Request/Intention forms to fill the position through a voluntary transfer.
- 13.4.2 If a vacancy occurs during the summer, the site principal will use the current Request/Intention forms completed by the unit members from the preceding February 15 deadline to determine those unit members eligible to be considered for reassignment.
- 13.4.3 In determining whether a vacancy shall be filled through voluntary reassignment, the site principal shall use the following list of criteria in alphabetical order:
- (a) Credentials.
 - (b) Knowledge of program.
 - (c) Prior performance evaluations.
 - (d) Instructional requirements of program.
 - (e) Ability to maintain effective learning environment.
 - (f) Experience in subject matter area.

- 13.4.5 If a unit member is denied a voluntary reassignment, upon written request from the unit member, the principal will provide a written explanation for denial.
- 13.4.6 If no voluntary reassignment has filled a vacancy, the District will attempt to fill the vacancy through the process of voluntary transfers.

13.5 Filling Vacancies Through Voluntary Transfer

- 13.5.1 If a vacancy is not filled through a voluntary reassignment, the site principal shall determine if any unit member is interested in filling the position through transfer. This determination shall be made by using the official Request/Intention forms completed by the unit members.
- 13.5.2 In determining whether a vacancy shall be filled through voluntary transfer, the site principal shall use the list presented in Section 13.4.3.
- 13.5.3 If two or more unit members indicate interest in being transferred to the vacancy, the principal will use the list of criteria presented in Section 13.4.3 to decide the best-qualified candidate.
- 13.5.4 If a unit member is denied a voluntary transfer, upon written request from the unit member, the principal will provide a written explanation for denial.
- 13.5.5 If no voluntary transfer has filled a vacancy, the District will attempt to fill the vacancy through the process of hiring.
- 13.5.6 In determining the ability of a unit member to fill the vacancy through reassignment or transfer, a principal and/or District administrator may use observations or a conference with the unit member. No formal interview of the unit member will be required.

13.6 Part-Time Unit Members' Rights to Transfer and Reassignment

Unit members hired for part-time contracts must be as qualified to teach as teachers hired for full-time positions. Thus, when vacancies are posted within the District, part-time employee requests to become full-time will be treated as a transfer request.

13.7 Involuntary Transfer

- 13.7.1 Involuntary transfers shall not be punitive or disciplinary in nature, but shall be based upon whether or not the involuntary transfer serves the best interests of the District as deemed necessary by the Superintendent.
- 13.7.2 If a change of enrollment or funding requires a decrease or increase in staff at a particular school or level within a particular funded program, the District shall seek volunteers prior to making any involuntary transfers. If an involuntary transfer becomes necessary, the unit member with the least District-wide seniority shall be considered first for the involuntary transfer. A written notice of an involuntary transfer shall be given to the unit member as soon as it is known that a transfer is necessary.
- 13.7.3 Upon written request, the Superintendent shall meet with the unit member being involuntarily transferred and, if requested, his/her representative, to discuss the reasons therefore. If requested by the unit member, the Superintendent shall prepare a written statement of the reasons for transfer.
- 13.7.4 Unit members being involuntarily transferred shall have the right to indicate transfer preferences from a list of available vacant positions, if more than one position is available.
- 13.7.5 In cases where a unit member is to be involuntarily transferred during the current school year, the Superintendent shall permit the unit member being transferred instruction-free duty time, appropriate to the need, but not to exceed three (3) duty days, for preparation and orientation in the receiving school. The District shall provide assistance in the moving of the unit member's materials to the new work location.
- 13.7.6 At the secondary level, site administrators shall discuss with the unit member being transferred for the following year the need for such action.

13.8 Involuntary Reassignment

13.8.1 Involuntary reassignment shall not be punitive or disciplinary in nature.

13.8.2 If a change of enrollment or funding requires a decrease, or increase, in staff at a particular school, or level within a particular funded program, the District shall seek volunteers prior to making any involuntary reassignments. If an involuntary reassignment becomes necessary, the unit member with the least District-wide seniority shall be considered first for the involuntary reassignment. In making involuntary reassignments, a written notice of the involuntary reassignment shall be given to the unit member as soon as it is known that the reassignment is necessary.

13.8.3 When reassignments are being considered which would add preparations to the unit member's work schedule, the unit member may meet with the site administrator and all alternatives shall be considered. The unit member may appeal the decision within two (2) duty days to the Superintendent.

13.8.4 In cases where a unit member is to be involuntarily reassigned during the current semester, the District shall permit the unit member being reassigned instruction-free duty time, appropriate to the need, but not to exceed three (3) duty days for preparation and orientation. The District shall provide assistance in the moving of the unit member's materials to the new work location, if necessary.

13.9 Rights of Unit Members Returning from Leave

13.9.1 If a unit member goes on leave and is replaced by a temporary contract teacher, then the returning unit member shall fill an equivalent position for which that member is credentialed and qualified. The unit member may be transferred or reassigned as if the unit member had never gone on leave.

13.9.2 If the position that a unit member held when the unit member went on leave no longer exists on return from leave, or was filled by another unit member within the District at the time the leave was begun, then the unit member returning from leave shall be accorded all of the rights and privileges that are afforded any other unit member requesting a voluntary transfer or reassignment.

ARTICLE 14

EVALUATION PROCEDURE

14.1 Implementation

The rewritten evaluation process shall start in the Fall of the 2021-2022 school year. The first year, the only unit members being evaluated are: all Year 1 and 2 Probationary, Temporary, Nurse(s), Psychologist(s), Speech-Language Pathologist(s), and School Counselor(s). Additionally, six permanent teachers will be selected for evaluation at the secondary level (three [3] from CMS, three [3] from CHS), and at the elementary level, two [2] from each site. A permanent teacher may submit a written request to their site administrator that they be evaluated. By mutual agreement, dates on an evaluatee-requested evaluation may be adjusted. A site administrator may also choose to evaluate a permanent teacher, but all dates must be adhered to in that case. If a unit member is not part of an evaluation cycle they will fill out an educator goal form.

The evaluation process will be revisited in the spring of 2022.

In the fall of 2022, unit members* with a last name starting A-L will be evaluated unless they were part of the pilot program and their cycle does not call for an evaluation.

In the fall of 2023, unit members* with a last name starting with M-Z will be evaluated unless they were part of the pilot program and their cycle does not call for an evaluation.

If a unit member's name changes, and they miss their original evaluation cycle, they will be evaluated in the current year, even if it doesn't match their current last name.

In the fall of 2024, all unit members will continue on the cycles outlined in Appendix D.

If an evaluator misses more than two deadlines, the affected unit member will not be held responsible for participation in that evaluation cycle. The unit member will be held harmless for that evaluation cycle, their next evaluation will occur during the next prescribed year as per Appendix D.

*Probationary and temporary unit members will continue to follow their assigned evaluation cycles.

14.2 Unit Member Evaluation

The evaluation shall take into consideration the particular nature of the evaluatee's assignment, including such factors as class size, the presence or absence of aides, and the availability of materials and work space for preparation, duplication, and record keeping. Forms available for different job types are available in Appendix D. Deadline dates are listed on each form. The stated deadlines shall be implemented for full-year assignments, with deadlines for assignments of lesser duration being prorated accordingly. If an evaluatee works less than 75% of the school year, the evaluation will

not count as meeting the requirements of the evaluation cycle.

Evaluatees shall submit to their evaluator, no less than one (1) duty day prior to the scheduled conference, goals along with measurement activities related thereto, to be considered in the annual evaluation. The evaluator and the evaluatee shall conference and discuss these matters. Evaluatees

shall submit to their evaluator, no less than one (1) duty day prior to the scheduled Final Evaluation Conference, their summary and evidence.

If an evaluatee has filed a complaint against a site administrator, the evaluatee may request the Director of Human Resource to change their evaluator.

14.3 Evaluation Procedure

14.3.1 A permanent unit member who receives a needs improvement rating in one or more domains will be provided an improvement plan.

The administrator and the unit member who recognize the need for improvement will establish goals and objectives toward developing the appropriate skills necessary to remediate the deficiency. The District will provide the unit member with staff development options, the opportunity to take advantage of PAR's Consulting Teacher or Program Consultant programs, or any other appropriate assistance available to the District.

14.1.1 If no improvement is noted at the final evaluation conference and the unit member receives an unsatisfactory rating in one or more domains as indicated on Form 3 in the Administrator's Comment Section of the evaluation instrument, the unit member will be required to participate in the PAR Program as a Referred Participating Teacher during the next school year.

14.1.2 The unit member may continue as a Referred Participating Teacher for another year if the unit member is showing improvement. If no improvement is noted, action may be taken to dismiss the unit member for unsatisfactory performance as provided for in the Education Code.

14.4 Personnel Files

14.1.1 Materials in personnel files of unit members which may serve as a basis for affecting the status of their employment are to be made available for the inspection of the person involved. Such material is not to include ratings, reports, or records which were obtained prior to the employment of the unit member involved.

14.1.2 Every unit member shall have the right to inspect such materials upon request, provided that the review is made at a time when such person is not actually required to render services to the District, except that inspection may be done during the regular work day if the unit member is involved in a negative evaluation procedure and has been required to participate in the

PAR Program as a Referred Participating Teacher, or action has been taken to dismiss the unit member.

In the event the unit member is involved in a negative evaluation, the District shall provide, if requested, substitute service during the unit member's absence, but requests for such substitute time shall be limited to three (3) per year for any one unit member.

- 14.1.3 Public charges or information of a derogatory nature, except material mentioned in Section 14.4.2, shall not be entered or filed unless, or until, the unit member is given notice and an opportunity to review and comment thereon and entrance of material into the file has been approved by the unit member's immediate supervisor. The unit member shall have the opportunity to rebut all complaints and shall be offered an opportunity to a hearing with the accuser within five (5) duty days of the charges. The unit member shall have the right to enter, and have attached to any such derogatory statement/complaint, his own comments thereon. Such review may take place during normal business hours, if the unit member so desires, and the unit member shall be released from duty for this purpose without salary reduction. No material shall be removed from the personnel file unless there exists statutory authority to do so.

It shall be the responsibility of the person requesting removal of material from the personnel file to cite the legal authority for such removal. Notwithstanding any other provision of this article, material shall not be removed from the personnel file unless such material has been in the file at least five (5) years and removal has been approved by the unit member's immediate supervisor and the Superintendent. Administrative approval for removal of material from the personnel file shall not be unreasonably withheld if appropriate authority exists and is cited for such removal.

If administrative approval to remove material from the personnel file is denied, the administration shall, if requested by the affected unit member, give a written explanation within ten (10) duty days of the reasons for denying approval. If approval is denied, the unit member shall have recourse through the grievance procedure.

- 14.1.4 Upon written authorization by the unit member, a representative of the unit member shall be permitted to examine the unit member's personnel file and to obtain copies (except where prohibited herein) of materials within the personnel file.
- 14.1.5 Any review of personnel files provided for herein shall take place in the presence of the District employee responsible for the safekeeping of such personnel files.
- 14.1.6 Access to personnel files shall be limited to the Board in session or its designee and members of the District administration on a "need to know" basis. The contents of all personnel files shall be kept strictly confidential.

- 14.1.7 The person or persons who draft and/or place materials in the unit member's personnel file shall sign the material and signify the date on which such material was drafted and placed in the file.
- 14.1.8 The District shall maintain the unit member's personnel file at the District Office. Any files kept by the unit member's immediate supervisor for the purpose of evaluation shall not contain derogatory materials of which the unit member has not been notified.

14.5 Complaints Which Affect Unit Member Evaluation

A complaint regarding a unit member made to any member of the administration by any parent, student, or other person who may influence the evaluation of the unit member shall be discussed with the unit member and Section 14.4.3 shall apply.

ARTICLE 15
UNIT MEMBER HOURS AND ADJUNCT DUTIES

15.1 Unit Member Work Year

15.1.1 The unit member work year shall be 186 days. The work year includes 180 student days, two (2) Professional Development Days and four (4) Teacher Work Days. The work year of 186 duty days represents 100% of the certificated salary schedule as presented in Appendix B.

15.1.2 The work year for certain unit members who may meet a special district need may be extended by mutual agreement between the individual and the district up to five (5) working days at either end of the regular work year with thirty (30) calendar days notice. The unit member shall be compensated at the appropriate per diem rate for each day served.

15.1.3 At the request of the site administrator, and with the approval of the unit member involved, a unit member may teach during his/her preparatory period. The unit member will be compensated for the equivalent of one period. At the secondary level the compensation will be 1/5 of the unit member's current salary. For purposes of compensation provided under this article, a full teaching assignment at the secondary level, is to include no more than five instructional periods per class cycle, not to include advisory as defined in 15.4.1.

15.1.3.1 The use of a preparatory period for instruction will be used on an emergency basis only. As an example, an emergency could result from an unanticipated growth or shift in student enrollment. All efforts will be made to anticipate enrollment changes to properly staff each site prior to the beginning of each school year. In case unit members are needed to teach during their preparatory period, efforts to eliminate this necessity will be made for the second semester.

15.1.3.2 No unit member shall volunteer or be asked to teach during

his/her preparatory period for two (2) consecutive years if there is any reasonable way to avoid such a situation. No non-tenured unit member shall volunteer or be asked to teach during his/her preparatory period if there is any reasonable way to avoid such a situation.

15.1.3.3 When an emergency situation requires the use of a preparatory period for instruction, the position must be opened to all qualified teachers at the site. If more than one qualified applicant is available, consideration should be given to the unit member who has not recently served in this capacity.

15.1.4 If an emergency occurs, site administration may require a unit member to teach/substitute for another teacher/employee during the unit member's preparatory period on any given day. First, the need shall be offered to all qualified unit members at the site. No unit member shall be asked to teach during his/her preparatory period for two (2) consecutive days if there is any reasonable way to avoid such a situation. The unit member will be compensated at the hourly per diem rate as defined in 19.1.2.

15.2 Support Services Personnel

15.2.1 Support Services Personnel, including but not limited to psychologists, speech, language and hearing specialists, academic counselors, education specialists, adapted physical education teachers, and nurses shall have a work year consistent with that of other classroom teachers.

15.2.2 The work year for Support Services Personnel may be extended up to five (5) duty days by the District at either end of the regular work year with thirty (30) calendar days' notice. By mutual agreement, the Support Services Personnel work year may be extended for additional days to meet District needs. Compensation shall be in accordance with Article XIX, Section 19.3.5.

15.3 Unit Member Duty Day

15.3.1 The length of the unit member workday, including a duty-free lunch

period and break periods as required by law, shall be seven (7) hours and thirty-five (35) minutes except as provided for in Section 15.3.2 and as modified in Section 15.3.4.

- 15.3.2 Unit members shall continue to furnish adequate time to students outside the instructional day and to attend faculty and other professional meetings and obligations that are related to the educational program of the District, including open houses and conferences, and excluding those duties specified in Article XIX, Section 19.4.1.

Teachers will be compensated for up to two (2) hours, at the unit member's non-per diem hourly rate, for any obligations related to attending back-to-school night, or open house in the spring. Unit members must submit timecards to be eligible for payment under this section.

- 15.3.3 Classroom teachers shall not be assigned to continuous classroom instruction for a period of time exceeding two (2) hours and thirty (30) minutes without having a break of at least ten (10) minutes. Conferences, planning periods, or passing periods shall constitute the required break if they occur at intervals that limit the continuous instruction to two (2) hours and thirty (30) minutes or less.

15.3.4 Emergency Situations

All time during the on-site workday not assigned to direct student- teacher classroom time will be available for assignment at the discretion of the building principal or immediate supervisor when needed due to emergency situations. An emergency situation is a temporary unexpected set of circumstances that constitute a threat to students or employees. An emergency will not extend beyond a period of ten (10) duty days unless extended by an act of the Board of Education. Before assigning unit members to emergency supervision duty, the site principal or designees shall first ask for volunteers and shall assign all volunteers, if any, before any other unit members are assigned to emergency supervision.

15.4 Number of Preparations

15.4.1 Site administrators shall minimize the number of subject matter preparations required of each secondary unit member (6-12), and shall consult with the unit member prior to assigning more than two different preparations over the course of the school year.

No unit member shall have four (4) or more preparations over the course of the school year, without his or her written consent, unless aide time is provided or other adjustments considered. Such considerations may include but are not limited to redistribution of students, assignment of aide time, provision of additional preparation time, or other similar action.

Such action, however, shall be limited to that which is reasonably possible and is not overly disruptive to the education of the students. If action satisfactory to the teacher involved has not been initiated by a site administrator within five (5) working days after a written request has been made by the teacher, and upon request of the teacher, the site administrator and the teacher will meet with the Superintendent to determine what action may be taken to relieve the teacher's load.

Remedial action mentioned above shall also be applicable in grades 6-12 in cases of excessive numbers of preparations (four [4] or more) as jointly determined by the teacher and site administrator. A preparation is specific and separate planning and preparation for a particular grade or class. A once a week advisory or homeroom period of no more than 30 minutes, for which no curricular preparation, assessment, or follow-up is required, shall not be considered subject matter preparation.

15.4.2 Section 15.4.1 shall not apply to career technical education (CTE) teachers.

15.4.3 Reduced time unit members at grades TK-5 shall have proportional reduced preparation time per day as in Section 15.4.5.

15.4.4 Middle school and high school teachers shall be entitled to one (1) period per day or one period per block schedule class cycle, for the purpose of

preparing, planning, and upon prior arrangement, conferring with parents.

15.4.5 Reduced time unit members at the secondary school level, except for secondary school counselors, shall have reduced proportional preparation time per day set aside exclusively for preparation, planning, and upon prior arrangement, conferencing with parents and students.

15.4.6 Full time unit members at grades TK-5 shall have one preparation period per day of **no less than** forty (40) minutes, thirty (30) of which shall be consecutive time, set aside exclusively for preparation and upon prior arrangement conferencing with parents. The prep time shall be exclusive of Section 15.3.3, duty-free lunch and pre- and post-school time.

Any time a unit member finds it necessary to use such force he/she shall immediately report to his/her immediate supervisor whether or not he/she considers this use of force was necessary to protect him/herself or a student. Cases of assault upon a unit member shall be promptly reported to the site administrator.

16.3 Discipline

- 16.3.1 A teacher may suspend for good cause any pupil from his or her class for the day of the suspension and the day following. A school administrator shall attend the conference if the unit member or the parent or guardian so requests. The pupil shall not be returned to the class from which he was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal. The unit member shall comply with the provisions of District policy relating to pupil suspension.

Unit members employed five (5) days per week are entitled to ten (10) days sick leave each school year commencing on the first day of employment. Unit members employed less than the five (5) days per week are entitled to ten (10) days divided by five (5) days and multiplied by the number of days worked per week each school year. Unit members who work five (5) days per week but for less than a maximum day are entitled to ten (10) days sick leave each school year of the same length as the day worked.

- 17.1.2 Should a unit member be transferred from a day of less than maximum to one of greater (or maximum) time, said employee's accumulated sick leave days shall be reduced in direct proportion to the ratio of time previously worked per day to time presently worked per day.

- 17.1.3 If the unit member does not take the full amount of annual non-differential sick leave allowed in any school year, the unused days shall be accumulated from year to year.

- 17.1.4 If sick leave extends beyond the number of full sick leave days credited to a unit member, the unit member shall be paid the difference between his/her full salary and \$175. When receiving substitute differential pay, the unit member shall receive no less than fifty percent (50%) of their regular pay. This differential sick leave may be used for up to five (5) additional months for the same injury or illness by the unit member. If the use of differential sick leave occurs at a time when the five months will extend beyond the termination of the school year, the unit member may take the remaining balance of the differential sick leave in the subsequent school year.

- 17.1.5 A sick leave absence shall commence when the unit member or agent of the

unit member calls in to report the absence. A sick leave day once commenced may not be reinstated as a duty day without the approval of the administrator in charge of the unit member.

- 17.1.6 Unit members absent for five (5) duty days or more may, at the opinion of the District, be required to submit a physician's statement or that of a person authorized by any recognized church or denomination to treat people stating the reason for the absence. In cases where the District or its authorized representative specifies doubt as to the validity of the sick leave claim, an employee may, at the option of the district, be required to submit a physician's statement or an acceptable substitute thereof for an absence of less than five (5) days. The District need not assume that a unit member's statement establishes disability conclusively but may require a review and/or examination by a physician selected by the District or a practitioner of the employee's faith selected by the District. All expenses of such review examination shall be borne by the District.
- 17.1.7 Whatever the claim of disability, no day of absence shall be considered a sick leave day on which unit members have engaged in a concerted work stoppage unless the unit member provides such certification as may be required by the Superintendent.
- 17.1.8 The personnel records of the District shall show the attendance of each unit member and such days that the unit member has been absent for reasons of illness, accident, or other causes. A record shall be maintained of the unused sick leave days accumulated by each unit member with a written statement showing both his accrued sick leave total and his sick leave entitlement for the school year. Such statement shall be provided on or about November 1.
- 17.1.9 Misuse of sick leave shall be considered a serious infraction of Board policy and this Agreement. Misuse of sick leave shall be considered grounds for discipline. Excessive yearly use of sick leave may be grounds for medical review as specified in Section 17.1.6.

17.1.10 Illness/accident leave which has not been earned and which has been advanced to the unit member who does not complete the school year will be deducted from the unit member's final pay warrant.

17.2 Leaves of Absence for Industrial Accident/Illness

17.2.1 Industrial accident/illness leave of absence of up to sixty (60) duty days in any one fiscal year for the same accident or illness shall be granted to a unit member.

17.2.2 Allowable leave shall not be accumulative from year to year.

17.2.3 Industrial accident or illness leave will commence on the first day of absence.

17.2.4 Payment of wages lost on any day, when added to an award granted the unit member under worker's compensation laws for the state, shall not exceed the normal wages for the day.

17.2.5 Industrial accident or illness leave entitles the unit member to only the amount of unused leave due the unit member for the same illness or injury.

17.2.6 When entitlement to industrial accident or illness leave has been exhausted, entitlement to other available sick leave may be used. A unit member shall be entitled to use only so much of other available sick leave which, when added to the worker's compensation award, provides for a full day's wage or salary.

17.2.7 During all paid leaves of absence, unit members may endorse to the District the temporary disability indemnity received on account of the member's industrial accident or illness. The District, in turn, shall issue the unit member appropriate salary warrants for payment of the unit member's salary and shall deduct normal retirement, or authorized contributions and the temporary disability indemnity, if any, actually paid to and retained by

the unit members for periods covered by such salary warrant.

- 17.2.8 Reports of industrial accident or illness shall be kept on file in the District office.
- 17.2.9 Any unit member with a claim under this Section shall contact the District office immediately. The District will provide the appropriate forms to the unit member to commence processing of the claim.
- 17.2.10 A unit member who has exhausted available industrial accident or illness leave may apply to the Board on an individual basis for additional days of industrial accident or illness leave. If the Board determines to grant additional days of leave for industrial accident or illness, such action shall not constitute a binding practice relating to the terms of this Agreement.

17.3 Bereavement Leave

- 17.3.1 Every unit member is entitled to a bereavement leave not to exceed three (3) duty days, or five (5) duty days if more than three hundred fifty (350) miles of travel are required (one way), on account of the death of any member of the family or a close personal friend with whom the unit member has a deep and longstanding relationship. Such days need not be taken in consecutive order, yet must be taken within the fiscal school year.
- 17.3.2 Bereavement leave shall not be deducted from sick leave.

17.4 Personal Necessity Leave

- 17.4.1 The Board shall provide ten (10) days of leave each school year to be used for personal necessity while charging such absence to accumulated sick leave benefits.
- 17.4.2 Subject to this Agreement, the Board reserves the right to specify the manner of proof of personal necessity and the type of situations in which such leave will be permitted.

- 17.4.3 When possible, requests for personal necessity leave shall be made at least three (3) calendar days in advance to the principal and forwarded to the Superintendent who reserves the right to verify such request by an appropriate means.
- 17.4.4 Advance permission is not required in the following situation:
- (a) Death or serious illness of a unit member's family or a close personal friend with whom the unit member has a deep and longstanding relationship.
 - (b) Accident involving the person or property of the unit member or the person or property of a unit member's family or a close personal friend with whom the unit member has a deep and longstanding relationship..
- 17.4.5 "Personal necessity" shall be normally limited to its common and ordinary meaning; that is, circumstances which are truly unavoidable, beyond the control of the unit member and in the nature of compulsion. Leaves for personal convenience, civic, or non-emergency reasons, or circumstances created by the choice of the unit member do not constitute personal necessity leave.

The following examples are appropriate uses of personal necessity leave:

- (a) Members of the family entering the service, going overseas, or returning from overseas.
- (b) Hazardous weather conditions causing unsafe travel.
- (c) Unavoidable emergency business and legal transactions that must be done during the workday. Such business or transaction shall not be related to Association activities.
- (d) Car accident or breakdown.
- (e) Transportation of family members when absolutely necessary for medical or dental appointments.
- (f) Attendance at school conferences for children of the employee, if necessary, per California statutory requirements.
- (g) Members of the family graduating from high school or college.
- (h) Attendance at a religious observance of a recognized church or

denomination when such observance occurs only during the regular workday.

- (i) Any unforeseen occurrence or combination of circumstances which calls for immediate action or remedy. (The approval of the Superintendent required.)

17.4.6 In addition, a unit member may request to use personal necessity leave under this section for reasons of personal business. Uses of personal necessity leave for personal business, when combined with any other use(s) of personal necessity leave, will not exceed ten (10) days per year. No more than fifteen percent (15%) of the unit members working at one worksite shall be granted personal business leave on any one duty day. Personal business leave may not be taken for purposes of participating in an individual or concerted refusal by unit members to perform regular services. This provision shall cease to be operative on June 30 of each contract year if a joint District and Association committee agrees that the provision was abused.

17.4.7 Personal necessity leave may be granted for either a half or full day.

17.5 Parental Child Bonding Leave

17.5.1 Purpose

A unit member may elect to take a paid leave of absences of up to 12 work weeks for reason of the birth of a child of the unit member, or the placement of a child with a unit member in connection with the adoption or foster care of the child by the unit member (“parental leave”) in accordance with the procedures provided herein and provided by the California Family Rights Act (CFRA) and Education Code 44977.5.

17.5.2 Procedure

Requests will be submitted in writing to the Human Resources Department as far in advance as possible.

A unit member is not required to have 1,250 hours of service with the District during the previous 12-month period in order to take parental leave

under this section. A unit member shall not be provided more than on 12 work week period for parental leave during any 12-month period.

17.5.3.1 The 12 work weeks of paid parental leave shall be concluded within one year of the birth or placement of the child. If a school year terminates before the 12 work weeks are exhausted, the employee may take the balance of the 12 work weeks in the subsequent school year.

17.5.3.2 The leave may be taken intermittently, but the minimum duration of the leave shall be 2 work weeks, except that the District must grant a request for leave of less than 2 work weeks duration on any two occasions and may grant requests for additional occasions of leave lasting less than 2 work weeks.

17.5.4 Compensation

During parental leave, a unit member may elect to first exhaust all available sick leave before commencing to receive, if necessary, substitute differential pay for the remaining portion of the 12 workweeks. If the unit member elects not to exhaust all available sick leave, they shall be entitled to substitute differential pay during the 12 workweeks. When receiving substitute differential pay, the unit member shall receive no less than fifty percent (50%) of their regular pay.

17.5.5 Requirement

Employee will not accept gainful employment while on Parental leave.

17.5.6 Return to Service

Employees will return to District service in accordance with the conditions of their approved leaves and will be reinstated to their position classifications held prior to leaves or two positions for which they are certified.

At reinstatement, if employees no longer have the credential authorizations utilized at the time their leaves were granted, they may be terminated by the District.

17.5.6.1 Nothing in this section shall be interpreted to prohibit a unit member who does not wish to exhaust his or her sick leave from requesting and receiving up to 12 work weeks of unpaid parental leave, so long as the unit member qualifies for such leave.

17.5.7 If an employee has exhausted all paid parental leave under this section, he or she may request an additional leave of absence.

17.5.8 Parental leave taken under this section shall be in addition to leave taken due to disability caused by pregnancy, childbirth or related medical conditions.

17.6 Long-Term Uncompensated Leaves

17.6.1 The Board may consider, on an individual basis, a request from a tenured unit member for a long-term, uncompensated leave of absence.

17.6.2 Purpose

Uncompensated leave may be granted for any reason, with the exception of taking another K-12 full or part-time teaching position within San Diego County.

17.6.3 Application

Request for uncompensated leave shall be made to the Superintendent at least four (4) weeks in advance of the desired start date. Special consideration will be given to emergencies.

17.6.4 Period of Leave

An uncompensated leave may be granted for a period up to one (1) school year. A unit member may apply for a leave once every five consecutive years of service.

17.6.5 Commitment of Certificated Employee

The certificated employee granted an uncompensated leave shall inform the Board no later than February 15 prior to the scheduled return date as to

his/her intentions. If said notification is not received, proper action may be taken to terminate employment.

17.6.6 Commitment of Employer

At the expiration of the uncompensated leave, the unit member shall be offered an equivalent position. Course credit obtained during uncompensated leave may be applied toward credit on the salary schedule. While on uncompensated leave, a unit member shall be entitled to insurance benefits provided to unit members of like status if he/she pays the premiums and therefore, is eligible under the terms of the insurance carrier.

17.6.7 The Board is not required by this Section to grant requests for uncompensated leave. Moreover, should the Board grant an uncompensated leave to a particular unit member, such action shall not obligate the Board to grant a subsequent request for uncompensated leave submitted by another certificated unit member.

17.6.8 Upon request, a unit member who is denied a long-term, uncompensated leave shall be given a written statement of the reasons therefore.

17.7 Judicial Appearances and Jury Duty

17.7.1 Unit members shall be entitled to leave without loss of pay to appear in court as a witness pursuant to lawful order of the court other than as a litigant or to respond to an official order from another government jurisdiction for reasons not brought about through the misconduct of the unit member. Any witness fees received by the unit member shall be remitted to the District.

17.7.2 If the unit member becomes a litigant and must appear in court by virtue of the performance of duties within the scope of his/her employment, he/she shall be entitled to leave without pay, subject to the requirement set forth in Section 17.7.1.

17.7.3 Unit members shall be entitled to leave without loss of pay when a unit member is required to serve as a juror. Any jury fees received by the unit member shall be remitted to the District.

- 17.8.1 A unit member may be granted a paid leave of absence for the purpose of attending workshops relating to the unit member's teaching assignment or participation in other education activities that tend to enhance the unit member's job performance.
- 17.8.2 Paid leave may be granted to a unit member desiring to attend workshops relating to matters outside his/her teaching area if such attendance is deemed valuable to his/her improvement as a teacher in the District. Such attendance may be used to prepare him/her for requesting a voluntary transfer.
- 17.8.3 Paid leaves for educational purposes will not be used for salary advancement.

17.9 Legislative Leave

- 17.9.1 A unit member who is elected to the State Legislature, the United States Congress, or a state or national teacher organization office shall be entitled to an unpaid leave of absence for the length of his/her term of office. The unit member on such leave shall notify the Board of his/her intended return at least eight (8) weeks in advance of such date.
- 17.9.2 The provisions of this Agreement governing long-term, uncompensated leaves shall apply to this Section.

- 17.10.1 Catastrophic Illness or Event Definition – for the purposes of this section, a “catastrophic” illness or injury shall be limited to the following:

- (1) an illness or injury that incapacitates a unit member for a period of ten (10) or more consecutive duty days, or
- (2) an illness or injury that incapacitates a member of the unit member's family, requiring the unit member to take time off from work for ten (10) or more consecutive duty days to care for that family member.
- (3) for purposes of the foregoing definitions, an illness or injury that "incapacitates" a unit member or family member is normally understood to be a life-threatening condition, but it can involve non-life threatening illness or injuries, provided that the condition is incapacitating.

17.10.2 Purpose of the Sick Leave Bank

The purpose of the Catastrophic Illness or Event Sick Leave Bank is to create a bank of sick days from which participants may apply for additional sick leave days when a catastrophic illness or event occurs and results in the unit member exceeding accumulated sick leave days. Examples of catastrophic illnesses or injury include, but are not limited to, heart attack, cancer, car accident, major surgery etc. A unit member shall exhaust all accrued sick leave prior to utilizing any leave days received from the Bank. Accrued sick leave does not include differential sick leave benefits provided for in this Article.

17.10.3 Establishment of a Sick Leave Bank

The District and ACT shall establish a Sick Leave Bank to which all unit members may donate earned and unused sick leave days. This donation shall be irrevocable, and shall be accomplished by the unit member filing a "Sick Leave Bank Donation Form" (Appendix E) prior to October 1 of the school year or within thirty (30) calendar days of employment. This donation form shall be provided to unit members by the Association. A record of this donation is kept at the District Human Resources Department and will be updated annually. This form shall clearly state that sick leave days being donated are irrevocably given to the Sick Leave Bank and cannot be rescinded for any reason whatsoever. A donation to the Sick Leave Bank shall be a general donation and shall not be donated to a specific employee for his/her exclusive use. By November 1 of each school year, the District Human Resources Department shall notify the Association

President or his/her designee of the total number of days in the Bank as of October 1 of that school year, and the names of unit members who made donations.

By July 15 of each school year, the District Human Resources Department shall notify the Association President or his/her designee of the total number of days in the Bank as of June 30 of that school year, and the names of the unit members who made donations. Upon request, the District shall notify the Association President or his or her designee of any changes to the balance of days and/or unit members in the Bank.

17.10.4 Eligibility for use of the Sick Leave Bank

The use of this Sick Leave Bank shall only be available to unit members who have submitted a donation form to the Human Resources office by October 1 of each school year, or within thirty (30) calendar days of employment. The number of days donated requires a minimum of one day and a maximum of one-half of the unit member's accumulated sick leave days. The Association reserves the right to determine if a waiver of the annual donation requirement for current members of the Bank is appropriate, based on the total number of days accrued in the Bank and the expected utilization of those days. If such determination is made, written notice shall be provided to the Superintendent or designee, and bargaining unit members.

17.10.5 When the Sick Leave Bank is Granted

Unit members who suffer catastrophic illness or injury which results in the unit member using all available paid leave, allowed pursuant to this article shall become eligible to use this Sick Leave Bank, subject to restrictions and conditions outlined in this policy.

17.10.8 Sick Leave Bank Sick Pay

A day from the Sick Leave Bank shall be considered as equivalent to the compensation earned by the unit member as if that unit member had worked that day.

Unit members who are granted Sick Leave Bank Days shall be considered to be in regular paid status during such leave.

17.10.10 Requests for Use of Sick Leave Bank Days Approval

A unit member desiring to receive donations from the Bank shall submit the request to the Association President on the designated request form. A unit member who requests a donation from the Bank will be required to submit a physician's statement indicating the nature of the illness or injury and the probable length of the absence. The physician's statement must be signed and dated. Sick Leave Bank use requests shall be reviewed by a committee consisting of the Association Building Representative from the applicant's site and four (4) Association Members, one from each school site, appointed by the Association President by October 1 of each year.

17.10.10.1 Applications of use of the Bank shall be reviewed and decisions of the committee reported to the applicant, the Association President, and the District Superintendent or designee, in writing, within ten (10) duty days of receipt of

the application.

- 17.10.10.2 The committee shall keep all records confidential and shall not disclose the nature of the illness except as is necessary to process the request for withdrawal and defend against any appeals of denials.
- 17.10.11 In the event that the request is denied, the unit member making the request and the President of the Association shall be notified in writing of the denial. The unit member may appeal the denial to a review committee consisting of the Executive Committee of the Association which must come to a majority decision and shall keep information regarding the nature of the illness or injury confidential. The decision of the review committee shall be reported in writing to the unit member and the District Superintendent or designee, within ten (10) duty days of receipt. - 17.11.3 When applicable, the District may require that a unit member's request for Family Care Leave be supported by a certification issued by a health care provider of the individual requiring care.
- 17.11.4 Unit members granted family care leave must utilize all available paid leave during the period of leave. Following the exhaustion of all paid leave the unit member shall be placed on unpaid status for the remainder of the family care leave. For purposes of this section "available paid leave" means

leave for which the unit member meets the District's usual requirements for the use of such leave.

- 17.11.5 Group health plan coverage and premium payments shall be maintained on the same basis as if the unit member were in paid status.
- 17.11.6 The District may recover from the unit member its cost of premium payments for group health plan benefits paid during periods of unpaid family care leave if the unit member fails to return to work after the expiration of family care leave.
- 17.11.7 During any period of unpaid leave the unit member shall not accrue additional leave benefits (i.e., sick leave).

- 17.12.5 Members must submit a Leave Request Form identifying the anticipated period of time for the leave.
- 17.12.6 After the Paid Pregnancy Leave, the unit member may take Parental Leave (Article 17.5) per section 44977.5 of the Education Code.

Evaluations: General Statements

Each certificated employee should have a copy of this Procedures Guide.

The Stull Act requires a written evaluation of certificated personnel at least every two years.

Effective staff evaluation benefits both students and teachers through improved teaching.

This Evaluation Procedure endeavors to: 1) provide the most effective assistance possible to improve teaching, 2) recognize the high quality of teaching that is synonymous with education in the Coronado Unified School District. Specific observations as outlined in Plans A and B in TIP do not preclude informal visitations or observations by an administrator.

Basic Evaluation Plans

All certificated personnel must receive a written evaluation every two years. Three types of evaluation, Evaluation A, Evaluation B, or goals and objectives conferences (Evaluation C) will be carried out under the direction of the site administrator. Certificated personnel will be periodically rotated through these three evaluation plans. If specific weaknesses have been identified by the site administrator and the teacher, then through the use of an agreed-upon Teaching Improvement Plan, hereafter referred to as TIP, these weaknesses will be remediated. The evaluation plans are detailed below:

Evaluation Plan A

Evaluation Plan A may result in a written evaluation of the teacher. The site administrator has the option of not evaluating a tenured teacher during Evaluation A provided that the teacher has had a written evaluation the preceding year. The information section of page one and all of page six of the evaluation form should be filled out for all certificated personnel each year. No teacher may remain under Evaluation A for more than three consecutive years. During the course of the "A" or "B" evaluation process, an administrator or teacher may initiate a TIP. A rating of unsatisfactory requires a TIP.

If Evaluation A is to be written, it shall consist of not more than four contacts that include:

1. Goals and Objectives Conference (page 1) by October 31.
2. Classroom Observation (page 2) by February 15.
3. A follow-up conference within three working days.
4. Final conference between teacher and administrator (year-end teacher evaluation recommendations) by March 1.

Possible results of Evaluation A:

1. Remain in Evaluation A with or without TIP.
2. Move to Evaluation B with or without TIP.
3. Move to Evaluation C, Goals and Objectives (see page 6).

Evaluation Plan B

Upon the request of a site administrator or teacher, Evaluation B may be conducted by a mutually agreed-upon committee of teachers and administrators. It is anticipated that most teachers will receive a majority of ratings of satisfactory or better. If a teacher receives a rating of needs improvement in any component a TIP may be required in that component. A rating of unsatisfactory in any component requires a TIP in that component. Evaluation Plan B will result in a detailed written report. It shall consist of not more than eight contacts that include:

1. Goals and Objectives Conference (page 1) by October 31.
2. First classroom observation (page 2) by December 1.
3. A follow-up conference within three working days.
4. Second classroom observation (page 2) by February 1.
5. A follow-up conference within three working days.
6. Optional classroom observation.
7. Optional conference within three working days.
8. Final conference between teacher and administrator (year-end teacher evaluation recommendations) by March 1.

Possible Results of Evaluation B:

1. Move to Evaluation Plan A the following year.
2. Remain in Evaluation Plan B during the following year, and for no more than three consecutive years.
3. Place on TIP.
4. Move to Evaluation Plan C, Goals and Objectives (see page 6).

Southwestern College Letter of Agreement

We, the Association of Coronado Teachers and the Coronado Unified District, agree that during the school year of 1998-99, the Southwestern College program at the high school will have no effect on the employee status of those teachers involved in the program. Current full-time teachers will still be considered Coronado Unified full-time teachers. These teachers are entitled to and subject to all rights, privileges, and requirements in accordance with the contractual Agreement between ACT and CUSD. The Southwestern Program will be monitored and evaluated throughout the 1998-99 school year to determine its impact on contractual issues as they pertain to the Agreement between ACT and CUSD.

STRS Deduction “Pick Up” 1996

The STRS Deduction “Pick Up” procedure, which gives employees certain tax benefits without cost to the District and which was begun on 4/30/86, shall be continued in force.

Teaching Improvement Plan

The Teaching Improvement Plan (TIP) is designed to: 1) aid in strengthening instructional competence in a new and/or different assignment and 2) clearly define methods for overcoming identified needed improvement. Furthermore, it delegates specific responsibilities for remediation.

There are three methods of initiating a TIP:

1. To be initiated by the teacher and/or site administrator to aid in strengthening instructional competence in a new and/or different assignment.
2. To be initiated by the teacher who chooses to use the TIP for agreed-upon professional growth.
3. To be initiated by the evaluator as a result of the evaluation procedure.

The Teaching Improvement Plan (TIP) will consist of four specific parts:

1. Statement(s) that specifically details the component or components of requested assistance and/or needed improvement. These statements will become the objectives of this specific TIP.
2. Statements by teacher and site administrator of procedures for improvement. (Inservice workshops and training, college courses, visitations, detailed lesson plans, reassignment, etc.)
3. Statement of detailed responsibilities of District, site administrator and teacher. These statements may include substitute time provided by the District, recommended college courses to be taken by the teacher and visitations recommended by the site administrator.
4. Evaluation of TIP, by the teacher and site administrator, to be completed by March 1.

Possible Results of TIP:

1. Move to Evaluation A.
2. Move to Evaluation B.
3. Remain with rewritten TIP.

Evaluation Instrument

The evaluation instrument shall be that instrument which was jointly determined by a committee of unit members and administrators during the 1980-81 school year and modified by the Association and the District in 1982-83 until a new procedure is agreed upon through negotiations. The procedure contained in the document entitled "Teacher Evaluation Functions" shall apply in the evaluation of unit members. (See Appendix F "Teacher Evaluation Procedures" attached hereto.)

Work Hours 1995

Each unit member shall be required to report to duty thirty (30) minutes before the commencement of his/her first assigned class or conference period, if assigned, or thirty (30) minutes before the beginning of the school day if not assigned to teaching duties.

SEND SALARY SCHEDULE TO PTAN

Memorandum of Understanding (MOU)
By and Between the
Coronado Unified School District (CUSD) and
Association of Coronado Teachers (ACT)
November 7, 2018

Contingency-Based Raise on H&W Savings

In addition to the salary increases specified above, all certificated unit members will be eligible to receive an additional increase to their applicable salary schedule, as determined by ongoing savings achieved through the Health Benefits Committee ("HBC") pursuant to the formula below:

- The term "savings" means reductions to the dollar amount the District would be required to contribute toward certificated unit member health and welfare benefits.
- The term "ongoing" means that the "savings" are designed to continue year-to-year.
- The salary increase available under this provision shall be calculated as follows:

Comparison One: In September 2019, the parties will compare the actual dollar amount the District is contributing toward certificated unit member health and welfare benefits for 2018-19, with the renewal rates provided by the District's broker for 2019-20 for the same plans. This comparison determines the increase to the District's contribution absent any plan changes agreed to through the HBC process.

Comparison Two: The parties will then compare the renewal rates provided by the District's broker for 2019-20, with the changes achieved through the HBC process. "Achieved" means the changes have been recommended by the HBC and adopted by the parties by the HBC process set forth below. The difference in costs between Comparison One and Comparison Two will constitute the "ongoing savings" available to be applied to certificated unit member salaries.

Calculation: The parties agree that 50% ~~100%~~ of the "ongoing savings" generated in Comparison Two will be used to increase the certificated salary schedule, effective January 1, 2020.

Example: The following illustrates the foregoing calculation:

Comparison One:

Actual dollar amount District contributing to certificated H&W in 2018-19: \$2 million

Renewal rates provided by broker for 2019-20: \$3 million

Projected increase absent HBC changes: \$1 million

Comparison Two:

Projected increase absent HBC changes: \$1 million

Projected increase incorporating HBC changes: \$0.5 million

Ongoing savings achieved by HBC: \$0.5 million

Calculation:

50% of ongoing savings achieved by HBC: \$250,000

Cost of 1%: \$160,000

Salary schedule increase $(\$250,000 \div \$160,000) = 1.5\%$

- It is the parties' expectation that this incentive will provide sufficient time to agree on long-term, ongoing savings to health and welfare benefits. After September 1, 2019, the HBC will continue to meet as specified below, but no further ongoing savings achieved through the HBC process will be applied to certificated unit member salaries, unless otherwise agreed by the parties.

The parties acknowledge and agree that the foregoing provisions close salary negotiations for the 2018-19, and 2019-20 school years.

Health and Welfare Benefits: Article XVIII

Until the parties agree otherwise through the HBC process below, the District will continue to provide health and welfare benefits to employees and retirees as set forth in Article XVIII

Health Benefits Committee

The parties agree there is a need to address anticipated increases in District health and welfare costs for employees and retirees, and to agree on health and welfare cost containment measures designed to reduce the risk of future deficit spending. To this end, the parties agree to take the following ~~immediate~~ steps:

1. The District and Association will jointly participate in a standing HBC to review health and welfare benefits provided to certificated bargaining unit members and retirees. The HBC will consist of three (3) representatives from the Association, three (3) representatives from the District, and, if agreed upon, a neutral facilitator mutually selected by the parties. District and Association representatives may also bring outside health benefits consultants and brokers to attend HBC meetings. Stakeholders from other employee groups may be included in this HBC.
2. ~~Unless otherwise agreed by the HBC representatives, the HBC will meet monthly, beginning the month following ratification of this agreement. The meetings will, to the extent possible, take place at regularly scheduled dates and times, and may take place during regular work hours and employment break periods. The District will grant Association members on the HBC with as much paid release time as needed to fulfill their HBC roles in good faith. The HBC will meet at mutually agreed upon dates and times outside of the instructional day, and will be paid "non-per-diem" hourly rate.~~

3. The primary purposes of the HBC meetings will be to:
 - Collaboratively develop recommendations to achieve feasible ongoing savings to the District's current and future health and welfare contributions for certificated unit members (and, if stakeholders from other employee groups are on the HBC, health and welfare contributions for those employees as well). The HBC's goal will be to recommend ongoing savings designed to maintain fiscal solvency and reduce the risk of deficit spending. To this end, the HBC will thoroughly review and discuss health and welfare programs, including, but not limited to, brokers and trusts, plans, plan designs and options, co-payments and deductibles, and District and employee contributions.
 - Ensure certificated unit members continue to receive excellent health and welfare benefits. To this end, the HBC will strive to maintain or improve the quality of health and welfare programs provided to certificated unit members (and, if stakeholders from other employee groups are on the HBC, health and welfare programs provided to those employees as well), to the extent possible.
4. Upon reaching a consensus, the HBC shall promptly provide its recommendations to the parties' designated bargaining teams. Those teams will then meet and negotiate without delay for the purpose of adopting the HBC's recommendations, or agreeing on revised measures based on the HBC's recommendations. If necessary and appropriate, the bargaining teams may jointly direct the HBC to reconvene and revise its recommendations in a timely manner.
5. ~~As stated under the 2019-20 contingency-based raise above, the parties agree that the HBC will continue to meet after September 1, 2019, for the same purposes specified above.~~

~~The parties acknowledge and agree that the foregoing procedures will govern health and welfare negotiations from the effective date of this agreement through the end of the 2019-20 school year, and will continue after that time unless otherwise agreed by the parties.~~

Miscellaneous

The parties further agree that this agreement extends the current CBA term from the effective date of this agreement through June 30, 2020. For the 2020-21 school year, the parties may each select two (2) articles to reopen for negotiations, in addition to calendar and existing MOUs, which will be subject to the reopener negotiation procedures currently set forth in the CBA. The articles selected by the parties may not include compensation or health and welfare benefits (Article XVIII and XIX, and Appendix "B").

For the 2020-21 school year, the parties will engage in negotiations for a successor CBA, pursuant to the successor negotiations procedures currently set forth in the CBA.

Negotiations Due to Financial Changes

In the event the District experiences adverse financial conditions that cause the County Office of Education to downgrade the District's financial certification to a "qualified or negative" certification, the parties agree to re-open the CBA for the purpose of negotiating changes necessary to ensure District solvency. Nothing in this paragraph shall be construed to waive or otherwise limit the parties' rights and obligations under the Educational Employment Relations Act and Education Code.

Budget Committee MOU

1. The District and Association will jointly participate in a budget committee for purposes of transparency. The budget committee will consist of three (3) representatives from the Association, three (3) representatives from the District, and, if agreed upon, a neutral facilitator mutually selected by the parties. The committee will meet no fewer than three times during the school year. The committee will meet outside of instructional hours and teachers will be paid the "non per diem" hourly rate.

This MOU shall terminate on June 30, 2020.

Re: Dual Enrollment Class at CHS

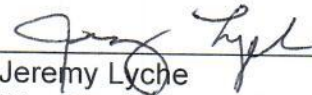

ACT and CUSD are agreed that, for the 2019-2020 school year, one section of Engineering will be offered at Coronado High School (CHS) as part of a Dual-Enrollment class through Southwestern College (College). Due to the lack of properly credentialed CUSD staff, this section will be taught by a professor from Southwestern College.

The professor will be evaluated by College administration but will have informal classroom observations conducted by CHS administration. Any concerns regarding the quality of instruction, conduct by the College professor, or student discipline will be addressed mutually by the College and CHS administration. If there is a need for immediate removal of the instructor, CHS administration has the authority to do so.

To provide support while this new program is implemented, during the Fall semester, a credentialed teacher will be present in the classroom each day and assume the instructional duties when the College Professor is absent.

- On days when the College Professor is present, the CHS Teacher will be paid the non-per-diem hourly rate.

By and Between the
Coronado Unified School District and
Association of Coronado Teachers**

This Memorandum of Understanding is entered into by and between the Coronado Unified School District ("District") and Association of Coronado Teachers ("Association," collectively the "Parties") for the purpose of resolving their current negotiations regarding Article 14, *Evaluation Procedure*, and Appendix D, of their collective bargaining agreement.

1. The Parties agree to establish a Committee for the purpose of reviewing, discussing and recommending improvements to Article 14 and Appendix D. The primary purpose of the Committee will be to recommend improvements to the current processes, tools and forms in Article 14 and Appendix D, to ensure effective evaluations. The scope of the Committee's review may include any and all processes, tools and forms currently set forth in Article 14 and Appendix D.
2. After reviewing and discussing Article 14 and Appendix D, the Committee will develop and send written recommendations to the Parties' negotiating teams. The negotiating teams will then promptly meet and negotiate regarding the Committee's recommendations, which they may accept, modify or reject. If the negotiating teams are unable to reach agreement after receiving the Committee's recommendations, they may jointly ask the Committee to reconvene and present revised recommendations.
3. The goal will be for the revised evaluation procedures to go into effect beginning in the 2021-2022 school year. To meet this goal, the Committee will present its recommendations to the Parties' negotiating teams by no later than March 1, 2021.
4. The Committee will be comprised of five (5) total members, with two (2) selected by the Association and three (3) selected by the District. The District and the Association may permanently or temporarily modify the Committee members upon mutual agreement. The Parties may also, upon mutual agreement, invite non-Committee members to attend and participate in Committee meetings when doing so could assist the Committee.
5. The Committee will meet at times and locations as agreed-upon by its members. The goal will be to meet regularly and without unreasonable delay, so that the Committee will complete and present its recommendations to the negotiating teams by no later than March 1, 2021.
6. The Parties acknowledge and agree that this MOU temporarily resolves their current negotiations on Article 14 and Appendix D, and that upon receiving the Committee's recommendations, the Parties will reconvene those negotiations to completion. **Side Letter of Agreement By and Between
the Coronado Unified School District
and Association of Coronado Teachers**

On August 13, 2021, the Coronado Unified School District ("District") and the Association of Coronado Teachers ("Association") entered into a Memorandum of Understanding ("MOU") regarding the negotiable effects of the District's decision to offer Independent Study in compliance with Assembly Bill 130 and adherence to COVID-19 safety guidance issued by the California Department of Public Health ("CDPH"), during the 2021-22 school year.

In light of the recent increase in positive cases of COVID-19, the District and Association mutually agree to amend the MOU through February 28th, 2022 as follows:

1. The CCD model will be available daily to TK-12 students who have had a close contact, are symptomatic, and/or have members of their household who are immunocompromised. The current practice of providing a daily CCD list to members to assist in preparation will be continued during the term of this Side Letter.
2. Unit members may request to temporarily facilitate CCD instruction to their students from home for health or other COVID related reasons (for example: if the unit member is directed to quarantine or isolate but is otherwise able to work remotely, or if the unit member is unable to secure childcare for their child who has been directed to quarantine or isolate). Unit members will need prior approval from site administration. The site administration may require the unit member to provide valid documentation supporting the need to work from home. Approval will be contingent upon the availability of substitutes to adequately supervise students attending in-person.
3. Teachers who serve in the CCD model will receive additional compensation up to one (1) hour per day for each day they provide CCD to one or more students at their per-diem rate for preparation and planning.
4. This agreement will include that during CCD all student cameras will remain on and students will be required to actively participate in classroom work/lectures. Students participating in the CCD model will receive the same daily instruction as in-person students by viewing and participating in lessons synchronously via web camera.
5. Bargaining unit members will have access to ten (10) COVID-related leave days not to be deducted from accumulated sick leave. These days will run concurrent with any state or federally granted COVID-19 emergency sick days. A unit member may use the days if the member:
 - a. is unable to work due to government-issued quarantine or isolation order related to COVID-19.
 - b. has been advised to self-quarantine by the District or a healthcare provider

- related to COVID-19 and is unable to work.
- c. is experiencing symptoms of COVID-19 and is seeking diagnosis and is unable to work.
 - d. is experiencing symptoms/side-effects from a vaccine shot or vaccine booster and is unable to work

Except as stated in this Side Letter of Agreement, the parties will continue to adhere to the LEA terms of the MOU.

The amended provisions above shall be retroactive as of January 7, 2022 and expire on February 28th, 2022, at which point the parties will revert back to the original MOU dated August 13, 2021, unless the parties mutually agree to extend these provisions. These provisions, which are specific to AB 130 and the COVID-19 pandemic, are non-precedential and shall not be considered past practice between the parties.

**Memorandum of Understanding
By and Between the
Coronado Unified School District
and
Association of Coronado Teachers**

The Coronado Unified School District ("District") and the Association of Coronado Teachers ("Association") enter this Memorandum of Understanding ("MOU") regarding the negotiable impacts and effects of the decision to adopt the 4x4 schedule at Coronado High School ("CHS"), beginning in the 2021-22 school year.

The parties agree to add the following language to the collective bargaining agreement:

1. For clarification purposes, Article 15.1.3 is modified as follows:

At the request of the site administrator, and with the approval of the unit member involved, a unit member may teach during his/her preparatory period. The unit member will be compensated for the equivalent of one period. At the middle school level the compensation will be 1/5 of the unit member's current salary. At the high school level the compensation will be 1/3 of the unit member's current salary per term.

2. The following language will be added as Article 15.3.2:

Teachers will be compensated for up to two (2) hours, at the unit member's non-per diem hourly rate, for any obligations related to attending back-to-school night in the spring. Unit members must submit timecards to be eligible for payment under this section.

3. For clarification purposes, Article 17.13.8 is modified as follows:

Reduced service will be defined as half-time on a term, semester, hourly or daily basis.

The parties agree to the following provisions for the 2021-22 school year only. These provisions are specific to the transition to the 4x4 schedule and are not precedent setting, unless the parties mutually agree otherwise.

1. The District and site administration will make themselves available, including by offering professional development opportunities, to provide unit members with strategies on how they can modify their class curriculums to continue covering essential learning during the 4x4 schedule.
2. CHS teachers may receive 10 hours per prep (maximum of 30 hours), paid at their per diem rate. Teachers must submit timecards to receive this payment.
3. Permanent part-time CHS teachers will not experience a reduction in their FTE during the 2021-22 school year, due to the transition to the 4x4 schedule. Teachers will have the

option to increase their course load proportionately according to the 4x4 schedule or they can retain their current percentages and number of courses per term but will take on additional teaching responsibilities to make up the difference.

4. Permanent unit members assigned to CHS will not be evaluated during the 2021-22 school year, unless an evaluation is requested in writing by the site administration or a unit member. If an evaluation is requested by the site administration, it shall provide written justification to the unit member and an opportunity for a conference related to the justification prior to the evaluation implementation. This does not otherwise limit the right of site administrators to conduct observations, walkthroughs, and to provide written and verbal feedback for non-evaluative purposes.
5. As CHS teachers calibrate practices to adjust to the pacing of the 4x4 schedule, in each month during September 2021 – May 2022, each CHS teacher may receive either:
 - Six (6) hours of per-diem hourly pay for the purposes of planning, assessing and preparation for courses, to be time-carded, or
 - Up to one release day per month for the purposes of planning and preparation for courses. Requests for a release day shall be made at least two weeks in advance on a form developed by CHS and will be subject to CHS approval. The request shall include proposed date and the reason for taking the release day. The site administration may request an explanation or documentation of what the unit member worked on during the release day.
6. The District agrees to dedicate one (1) faculty meeting a month to be used exclusively for grade reporting in relation to the end of a grading period.
7. The parties will meet in February 2022 to review financial impacts and ongoing needs of the 4x4 schedule.
- 8.* In the interest of ensuring students and parents receive timely feedback, and in the context of the 4x4 bell schedule at CHS, a one week turnaround will be expected of CHS teachers for any student assessments, inclusive of homework, tests and projects. This includes that CHS teachers will input this information on the learning management system used by CHS within this timeline.

If a teacher needs additional time to meet this timeline for any assessment, the teacher shall notify the site administrator in advance, as well as notify the students and parents of the anticipated timeline. If a teacher needs additional time to meet this timeline on multiple occasions during a school year, the site administrator shall meet with the teacher for the purpose of providing assistance if is needed to ensure the teacher is able to provide timely feedback.

*This section will be negotiated in good faith during the 2021-2022 school year for consideration in the CBA. The parties agree that this language will be automatically reopened as part of the spring 2022 reopener negotiations, and that this will not affect their ability to open any other articles or subjects.

The parties agree that this MOU addresses all negotiable impacts and effects in relation to the 4x4 schedule that were known or could reasonably have been known as of the date of this MOU. The parties further agrees that this resolves all disputes related to the 4x4 schedule that were known or could reasonably have been known as of the date of this MOU.

**Memorandum of Understanding By and Between the
Coronado Unified School District and
Association of Coronado Teachers**

The Coronado Unified School District ("District") and the Association of Coronado Teachers ("Association") enter this Memorandum of Understanding regarding the negotiable effects of the District's decision to offer Independent Study in compliance with Assembly Bill 130 and adherence to COVID-19 safety guidance issued by the California Department of Public Health ("CDPH"), during the 2021-22 school year.

Adherence to CDPH Guidance

The parties recognize that under Article 16 of the collective bargaining agreement ("CBA"), the District is already responsible for providing a clean and safe working environment in accordance with state and federal laws and regulations. The parties hereby affirm that this includes adherence to any mandates set forth in current and any future schools guidance issued by the CDPH, and the Emergency Temporary Standards issued by Cal/OSHA. This also includes that the District will adhere to CDPH recommendations on staying home when sick, quarantine and isolation, hygiene, cleaning and food service.

Unit members may access existing leave rights in the CBA, as well as supplemental paid leave provided in Senate Bill ("SB") 95 (currently expiring on September 30, 2021), for applicable reasons related to COVID-19. If an asymptomatic unit member is directed to quarantine or isolate to comply with the above-reference safety requirements, the unit member will be docked from available SB 95 leave and, once that is exhausted, be placed on paid administrative leave until such time as the quarantine/isolation period has ended. While on administrative leave, the unit member may be required to work remotely. If the unit member is symptomatic, the unit member will be docked from available SB 95 leave and, once that is exhausted, available sick leave until such time as the quarantine/isolation period has ended, unless the unit member is able to work remotely during that time.

Concurrent Curriculum Delivery

The parties recognize that, for the 2021-22 school year, the District must offer Independent Study pursuant to AB 130. Moreover, in order to comply with current CDPH guidance related to quarantine and isolation, the District may need to direct students to stay home.

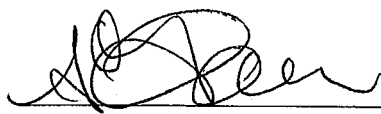

In accordance with AB 130, the District has decided to offer Independent Study through a Concurrent Curriculum Delivery ("CCD") model, which will allow participating students to receive the same daily instruction as in-person students by viewing and participating in lessons synchronously via web camera. The CCD model will be offered to TK-8 students who choose long-term Independent Study (15 school days or more). The CCD model will also be offered to TK-12 students who are directed to stay home in accordance with CDPH quarantine and isolation recommendations.

The following will apply for unit members who serve as the teacher-of-record for participating (1) long-term Independent Study students and (2) students directed to quarantine or isolate, in the CCD model:

1. The District, with assistance from classroom teachers will be responsible for ensuring the video technology used to provide instruction through CCD is properly functioning and situated to maximize student access to instruction. If the teacher-of-record is aware or reasonably should be aware of a malfunction prior to CCD instruction, the teacher will promptly inform their supervisor who will address the malfunction with the IT Department and Technology Resource Teachers.
2. The teacher-of-record is responsible for the general supervision of all students who are present, physically and virtually, in their classroom. However, when engaged in classroom instruction to students who are physically present, the teacher will not be adversely evaluated or disciplined for the behaviors of a student who is accessing the class virtually.
3. The Independent Study agreement provided to students and parents will include that no students, or anyone within the household or in the presence of the student, may take still images or record video or audio of CCD. In addition, the agreement will include that during CCD all student cameras will remain on and students will be required to actively participate in classroom work. Any District recordings or still images of live instruction shall not be used for evaluative purposes.
4. Teachers who serve in the CCD model will receive additional compensation up to three (3) hours per week for short-term CCD or four (4) hours per week for long-term CCD at their per-diem rate for preparation and planning. Teachers will be allotted one (1) hour of per-diem compensation at the start of the year school year to set up technology related to CCD.
5. Teachers who serve as the teacher-of-record for participating Independent Study students in the CCD model agree to fulfill all related responsibilities required under AB 130 and Board Policy / Administrative Regulation 6158.
6. Volunteers will be sought for long-term independent study assignments, should the District be unable to get volunteer teachers, the parties agree to allow the District to contract out these services for the 2021-2022 school year.

This MOU, which is specific to AB 130 and the COVID-19 pandemic, is non-precedential and shall not be considered a past practice between the parties. The parties may mutually agree to reopen and amend this MOU based on changing conditions not contemplated at the time they negotiated this MOU, which may include changes to AB 130, CDPH guidance, Cal/OSHA regulations, and available leave rights provided by law. However, to the extent possible, this MOU will be interpreted to incorporate and comply with any future changes to AB 130, CDPH guidance, Cal/OSHA regulations, and available leave rights provided by law.

This MOU shall expire in full without precedent on June 30, 2022.

**Side Letter of Agreement
Coronado Unified School District and
Association of Coronado Teachers**

The Coronado Unified School District ("District") and Association of Coronado Teachers ("ACT") enter into this Side Letter of Agreement ("Side Letter") to clarify their interpretation of the current substitute rate of pay under Article 17.1.4 of the collective bargaining agreement. Specifically, due to a current shortage in substitute teachers caused by the COVID-19 pandemic, the Board of Trustees took action on August 25, 2022, to extend, one more year, the increase of the substitute rate of pay as follows:

Old rates: \$120 daily, \$135 long-term after 10 days.
New rates: \$200 daily, \$225 long-term after 10 days.

At this time, the District anticipates that the substitute shortage is temporary, and that it will recommend that the Board take action to revert the substitutes rates back to old rates by no later than the beginning of the 2023-24 school year. Because the District anticipates that the substitute rate increase is temporary, both the District and ACT have a shared interest in ensuring unit members are held harmless when receiving substitute differential pay. The parties therefore agree as follows:

1. Unit members who receive substitute differential pay under Article 17.1.4 will be paid the difference between their full salary and the cost of a substitute under the old rate of pay for daily and long-term substitutes.
2. This interpretation of Article 17.1.4 will continue through the end of the 2022-23 school year, or until the District reverts the substitute rates back to the old rates, whichever comes first. If the District decides to continue the new substitute rates beyond the 2022-23 school year, the parties acknowledge that, beginning in the 2023-24 school year, the new rates will apply for unit members receiving substitute differential leave under Article 17.1.4.
3. This Side Letter is entered into under the unique circumstances presented by the COVID-19 pandemic. It does not constitute a past practice between the parties, nor is it precedent setting.
4. The parties further acknowledge and agree that this Side Letter does not obligate the District to bargain future changes to the substitute rate. This does not affect either party's right to propose changes to Article 17.1.4 through the regular bargaining process outlined in the collective bargaining agreement.

This Side Letter of Agreement sunsets on June 30, 2023.

October 13, 2022

COVID-19 Supplemental Paid Sick Leave effective January 1, 2022 through December 31, 2022

All leaves of absence and related rights to continued pay/benefits during COVID-19 shall be provided in accordance with all applicable state and federal law, including those developed as a result of COVID-19, and the CBA.

No unit member will be charged sick leave or docked pay through December 31, 2022 if they are unable to work as assigned for the timelines identified for one of the qualifying reasons under California Senate Bill 114 (SB 114), signed into law on February 9, 2022, and extended by Assembly Bill 152 (AB 152) on September 29, 2022, which provide COVID-19 Supplemental Paid Sick Leave. Documentation may be required in accordance with SB 114 and AB 152.

These leaves may be used between January 1, 2022 and December 31, 2022. The parties recognize that AB 152 extends the last date for using these leaves, but does not provide new leave allotments.

There are two, 40-hour (or 5-day) banks of supplemental paid sick leave. The first bank is available if:

1. The employee is (a) subject to quarantine or isolation period related to COVID19 as defined by an order or guidance of the California Department of Public Health, the federal Centers for Disease Control and Prevention, or a local public health officer with jurisdiction over the workplace; (b) has been advised by a healthcare provider to quarantine; or (c) is experiencing COVID-19 symptoms and seeking a medical diagnosis.
2. The employee is (a) caring for a family member who is subject to a COVID-19 quarantine or isolation period or has been advised by a healthcare provider to quarantine due to COVID-19, or (b) is caring for a child whose school or place of care is closed or unavailable due to COVID-19 on the premises.
3. The employee is attending a vaccine or booster appointment for themselves or a family member or cannot work or telework because they have vaccine-related symptoms or are caring for a family member with vaccine-related symptoms. The District may limit an employee to 24 hours or 3 days of leave for each vaccination or booster appointment and any consequent side effects, unless a health care provider verifies that more recovery time is needed.

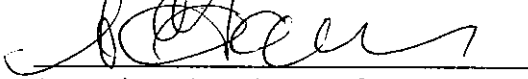

The second bank is available if:

1. The employee tests positive for COVID-19, or
2. The employee is caring for a family member who tested positive for COVID-19.

The District may require proof of a positive test to access the second bank, as authorized by SB 114.

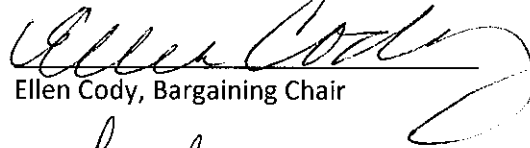

This MOU will expire December 31, 2022.

The Coronado Unified School District (“District”) and the Association of Coronado Teachers (“Association”) enter this Memorandum of Understanding (“MOU”) regarding proposed changes to Article 21 of the collective bargaining agreement (“CBA”). The intent of this MOU is to provide reasonable time to assess if these proposed revisions are effective and, if so, to incorporate the effective additions into Article 21.

Joint Special Education Committee

The Joint Special Education Committee will be composed of up to five (5) individuals appointed by the Association and up to five (5) individuals appointed by the District. The total may be less than ten (10) representatives, provided that each party appoints an equal number of representatives. The Committee will meet to consult on and discuss Special Education issues. It may make recommendations for the negotiations teams to consider during regular negotiations windows.

The Committee shall meet on a bi-monthly (every other month) basis throughout the school year. A written report will be provided to the Board of Trustees and staff. Additional meetings may be scheduled on an as-needed basis, as determined by the Committee. Meeting times shall occur after instructional hours. The committee will be co-chaired by one Administrator and one Special Education teacher.

Committee members will be compensated at the hourly per diem rate for participation on the committee. This problem-solving committee will:

- Collect and review data collected from internal and external reviews of the program
- Discuss districtwide special education issues and recommend solutions
- Review caseload sizes at each site and provide recommendations to support students
- Review instructional aide support
- Provide recommendations and find solutions to special education related student placement issues
- Problem solve workload issues and provide recommendations
- Discuss co-teaching models and work towards improving co-teaching practices district-wide
- Discuss how to retain and recruit high quality special educators
- Discuss and share best practices with all special education professionals
- Recommendations will be used to inform district and ACT negotiating teams

The Committee will unanimously agree on norms and a process for making formal recommendations to the parties' negotiating teams. No recommendation shall be recognized by the negotiating teams unless made pursuant to these agreed-upon procedures.

Caseloads

Education Specialist: Mild/Moderate Teacher. An Education Specialist Mild/Moderate teacher shall serve as a case manager for no more than twenty five (25) students. When an Education Specialist Mild/Moderate teacher is the case manager for twenty six (26) or more students for more than fifteen (15) consecutive work days and the site has balanced students between the case managers, the District will either provide a proportional staffing allocation or the District will provide 6 hours of per diem hourly pay per grading period, outside of the contract day.

Education Specialist: Moderate/Severe Teacher. An Education Specialist Moderate/Severe teacher shall serve as a case manager for no more than twelve (12) students. When an Education Specialist Moderate/Severe teacher is the case manager for thirteen (13) or more students for more than fifteen (15) consecutive work days and the site has balanced students between the case managers, the District will either provide a proportional staffing allocation or the District will provide six (6) hours of per diem hourly pay per grading period, outside of the contract day.

Special Education Assessments

After a case manager has a full caseload of twenty five (25) students for mild/moderate, twelve (12) for moderate/severe and completes six initial (6) and/or PPPSS assessments in that school year, the District will either, at the unit member's discretion:

- Compensate the unit member at their per diem rate, up to eight (8) hours, for each additional initial and/or PPPSS assessment; or
- Contract with an outside agency to complete the additional initial and/or PPPSS assessments.

Case Management Time

To account for caseload management time, including but not limited to tracking service minutes in SEIS, Education Specialists will receive an annual \$2,720 stipend.

Co-Teaching

Co-teaching shall be defined as a model of delivery in special education services to students with disability within the general education classroom. The co-teachers should be two or more credentialed teachers collaboratively delivering instruction in a shared classroom space.

District and site administrators will strive towards balancing co-taught classes, as stated in Article 21.5.

To support positive and successful co-teaching arrangements for both students and teachers, the District will provide an annual \$1,360 stipend for both the co-teaching general education teacher and Education Specialist in order to review IEPs, set goals, plan instruction, develop behavior support, and ensure accommodations. The Program Specialist, or designated administrator will

regularly check-in with the general education teacher and the Education Specialist regarding their progress towards these goals. The annual stipend will be prorated if the general education teacher or Education Specialist co-teach for less than a full school year. The availability of a stipend does not affect how co-teaching assignments are allocated.

Professional Development and Support

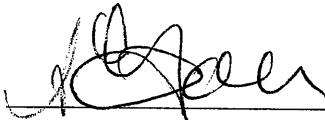

General education teachers and Educational Specialists in co-taught classrooms shall attend monthly professional development opportunities up to two (2) hours each session outside the contract day, when offered by the district. Teachers who attend will be compensated at the hourly per diem rate of pay.

Signing/Retention Bonus

The District will provide a one-time signing/retention bonus of \$5,000 to newly-hired Education Specialists and related service providers, in exchange for the unit member's agreement to remain employed by the District for at least three (3) years after hire. The terms of the agreement will be set forth in writing and include that if the unit member does not remain employed for the minimum duration, the unit member will reimburse the District.

This MOU will expire on June 30, 2026, unless the parties mutually agree otherwise. During the term of the MOU, the parties agree that negotiations on Article 21 shall be closed.

Coronado Unified School District

The Coronado Unified School District (“District”) and the Association of Teachers (ACT) enter this Memorandum of Understanding (“MOU”) for the purpose of defining the partes’ responsibilities in relation to a unit member’s enrollment and completion of the Special Education certification course offered by the San Diego County Office of Education.
