E. Toby Boyd

President of CTA

As someone who's spent more than two decades in the California classroom, I understand what it takes to ready students for the future. The selfless energy, time and dedication you put into your roles to make our students succeed often leaves little time to look after your own needs. That's where your CTA Member Benefits can help you.

CTA offers you the opportunity to protect your paycheck and loved ones with Voluntary Disability and Life insurance plans through Standard Insurance Company (The Standard). The plans were designed specifically for CTA members to offer high-quality coverage for you and your loved ones.

Endorsed by CTA Member Benefits since 2007, highly regarded for their service and integrity along with their history of strength and reliability for more than 100 years, we are confident The Standard is a partner you can trust. That's why CTA endorses only The Standard as a provider of Disability and Life insurance. In fact, more than 79,000¹ of your peers have chosen The Standard to protect what matters most to them.

No matter how long you've been in the education field, I hope you will consider taking a moment to get the most value from your member benefits with protection from The Standard.

Sincerely,

E. Toby Boyd
CTA President

Being an educator is hard work.

As a California Teachers Association member, you know that better than anyone.

At The Standard, we know insuring educators isn't like insuring other professionals. You're doing work that matters to us all, so you deserve to have peace of mind when life throws changes or the unexpected your way. We're here to offer you that peace of mind and help you secure your future, so you can stay focused on doing your job well.

The Standard is the only carrier endorsed by CTA for **Disability and Life Insurance Plans.**

The Standard is privileged to be your exclusive carrier for Life and Disability insurance. CTA recommends us because we've designed insurance plans with an educator's needs in mind.

Health Insurance pays your doctor. **Disability insurance** pays you.

When covered by CTA-endorsed Disability insurance through The Standard, if you encounter a health situation that keeps you from doing your job, you'll receive funds – paid directly to you – to use for things health insurance doesn't cover like rent, mortgage, groceries, childcare, credit cards, student loans and more.

For example, if an injury, illness, pregnancy or childbirth stops you from being able to do your job, with Disability insurance from The Standard:

- You're eligible for disability benefits after missing 7 regular work days
- You'll get an extra \$25 per day during your fully paid sick leave
- You're eligible for up to 75% of your regular daily contract salary

With CTA-endorsed **Life insurance**, you can feel confident that you and your loved ones are better prepared in the event of your passing because you'll have access to our **Life Services Toolkit** – a resource that offers you:

- Identity theft recovery
- Will and estate planning
- Wellness tips
- Grief counseling
- Legal advice
- Financial assistance

All of this is included with a CTA-endorsed Life insurance plan from The Standard at no additional cost.

Confronting tough life topics can be hard. Protecting yourself from them should be easy.

We know making decisions about insurance can be difficult and uncomfortable. To make things easier, we've put together this booklet to help you make the best choice for yourself. The information in this booklet is effective September 1, 2020. The dedicated CTA Customer Service team is ready to answer your questions Monday – Friday, 7 a.m. to 6 p.m.

Take advantage of your CTA-endorsed **Disability and Life insurance** to make sure you're ready if life outside of school becomes harder than the job you do inside.

DISABILITY INSURANCE HIGHLIGHTS:

Disability insurance - Protect what's important to you

Your income is likely your greatest asset. Protect it with CTA-endorsed Disability insurance. Your Disability insurance benefit is **paid directly to you** if you're unable to work due to illness, injury, pregnancy or childbirth. After all, your bills won't stop if you are unable to work. **Disability insurance benefits can help pay the everyday expenses that health insurance doesn't cover, like your rent or mortgage, utilities, child care or student loans.**

Up to an Extra \$500 or More

You may have a lot of sick leave saved, which you will be required to use while on disability leave. **The Standard will still pay an additional \$25 per day, on top of your fully paid sick leave, to help with any extra expenses.** That can add up to \$500 or more per month. Plus, as a CTA member you may also be eligible for additional benefits if you have an active Student Loan, or if your disability is due to Cancer.¹

2 Years @ up to 75% of your Salary

Once your fully paid sick leave ends, you may be eligible for **up to 75% of your regular daily contract salary for up to two benefit years.** If you're receiving income from other sources² – such as substitute differential pay or workers' compensation - we'll coordinate with your other benefits when adding up your benefit payment.

On or Off the Job: You're Covered

If you're injured while you are working, The Standard still has you covered. If you're eligible for workers' compensation, **we will coordinate your claims and bridge the gap between your workers' compensation benefit and what would equal 75% of your regular daily contract salary.**

Short Preexisting Condition Exclusion Period

If you've had a health condition in the past, you may be worried about being eligible to file a claim. The CTA-endorsed plan has a preexisting condition exclusion period of 10 regular days of required attendance. **That means once your coverage becomes effective and you work 10 days in a row, you would be eligible to file a claim.**

The information in this booklet is effective September 1, 2020

¹ Student Loan Benefit and Cancer Benefit are offered by CTA to eligible members on approved Disability claims under the CTA-endorsed Disability insurance plan who meet specific criteria. CTA provides these self-funded benefits, and The Standard acts only as the claims administrator of these benefits. Student Loan and Cancer Benefits are not provided under the Disability insurance policy.

² Examples of deductible income (if currently insured, see your certificate of insurance for a full listing and exceptions): substitute differential pay, personal leave pay, severance pay, catastrophic/extraordinary leave bank, salary continuation, workers' compensation, work earnings, social security, state disability, CalPERS/CalSTRS benefits.

DISABILITY INSURANCE PLAN:

How Disability Insurance Benefits Work

During the Benefit Waiting Period	No benefits are payable during the benefit waiting period, which is the lesser of the first seven consecutive days of required attendance or 30 calendar days.
During fully paid sick leave following the Benefit Waiting Period	You will receive \$25 per day of required attendance while you are receiving fully-paid sick leave, once you satisfy the benefit waiting period.
During Substitute Differential or Similar Pay following sick leave	<p>Your total income will be no less than 75% of your regular daily salary.</p> <p>You will receive up to 75% of your regular daily salary, minus the amount the district pays you¹ and any other sources of deductible income² you may have.</p> <p>The <u>minimum</u> benefit will be up to 25% of your regular daily salary (so long as your total income doesn't exceed 100% of your regular daily pay) or \$30/day, whichever is greater.</p>
After Substitute Differential or Similar Pay Ends until the end of two benefit years	<p>You will receive up to 75% of your regular daily salary, less any sources of deductible income, while you continue to be disabled.</p> <p>The minimum benefit will be \$30/day. Benefits are payable for up to two benefit years, while you continue to satisfy the definition of disability.</p>
After two full benefit years	Members with less than 5 years of credited service under the California State Teachers Retirement System (CalSTRS) and/or the Public Employees Retirement System (CalPERS) may be eligible for up to 50% of regular monthly salary, minus any deductible income up to age 65 or for applicable periods described on the next page.

■ Features

- Disabilities occurring on or off the job are covered.
- Extra duty pay is covered for the first two benefit years. Extra duty pay may include coaching, after-school programs, summer-school sessions, advising or mentoring.
- If you are hospitalized as the result of your disability, you will receive an extra \$35/day for each calendar day you are a bed-registered patient, for up to 60 days with no benefit waiting period.³
- While you are receiving disability benefits from The Standard, you do not need to pay premiums.
- If you are able to continue to work while disabled, you may be eligible for partial disability benefits.
- For any adverse decision made by The Standard that is upheld upon review, you have the right to have a panel of your CTA peers (the CTA Advisory Panel on Endorsed Services) review it.

1 Most districts will pay you a reduced salary (your regular daily salary less the cost of a substitute) during the first 100 days following your fully paid sick leave.

2 Examples of deductible income (if currently insured, see your certificate of insurance for a full listing and exceptions): substitute differential pay, personal leave pay, severance pay, catastrophic/extraordinary leave bank, salary continuation, workers' compensation, work earnings, social security, state disability, CalPERS/CalSTRS benefits.

3 For the first two benefit years only. Note, the definition of hospital does not include nursing homes, convalescent homes or extended care facilities.

■ What if I have a Preexisting Condition?

Disabilities caused by or substantially contributed to by preexisting conditions are not covered unless you have been continuously insured and actively at work for 10 consecutive, regular work days when you become disabled. The preexisting condition period is the 30-calendar-day period just before your insurance becomes effective. After your insurance takes effect and you work 10 consecutive regularly scheduled days, disabilities caused or contributed to by preexisting conditions are covered.

■ How are my benefits calculated?

During the first two benefit years, your benefits are calculated based on your **regular daily contract salary** and any **extra duty pay** agreements in effect.

After the second benefit year, if eligible for continuation of benefits, your disability benefit amount is based on your **regular monthly contract salary** for each calendar month.

Student Loan and Cancer Benefit

CTA understands the emotional and financial burden members may experience due to outstanding student loans or being out of work on a disability claim due to a Cancer diagnosis. That's why CTA created and is providing the Student Loan Benefit and Cancer Benefit for CTA members.

Student Loan Benefit¹

Active CTA members approved for a disability claim under the CTA-endorsed Voluntary Disability insurance plans with an active student loan may be eligible for an additional benefit of up to \$200 a month (for a maximum of \$1,000, not to exceed the balance of the student loan).²

Cancer Benefit¹

Active CTA members approved for a disability claim due to cancer under the CTA-endorsed Voluntary Disability insurance plans may be eligible for an additional benefit of up to \$200 a month (for a maximum of \$1,000).²

Both benefits are paid in addition to the disability benefits from The Standard and are paid directly to CTA members to help pay for everyday expenses like student loans, rent/mortgage, or child care. These benefits are provided by CTA at no additional cost to members.

■ How long will my benefits last?

Your Maximum Benefit period depends on years of credited service you have under the California State Teachers Retirement System (CalSTRS) and/or the Public Employees Retirement System (CalPERS) at the time you become disabled. Refer to the chart below for more information.

Length of Credited Service	Maximum Benefit Period								
More than 5 years of credited service under the CalSTRS and/or CalPERS	Benefits are payable for up to 2 benefit years following your fully paid sick leave, while you remain disabled. Members with more than 5 years of service may qualify for disability benefits under CalSTRS.

■ Disability Insurance: Terms you should know

Class 1: Participants who, on the date of disability, (a) have five or more years of credited service under the California State Teachers Retirement System (CalSTRS) and/or the Public Employees Retirement System (CalPERS) or (b) are not participants in either system.

Class 2: Participants who, on the date of disability, participate in but have less than five years of credited service under CalSTRS and/or CalPERS.

Regular day(s) of required attendance means any day(s) you are required to be actively at work based on the calendar dates of the school calendar and your employment contract in effect on the date you become disabled. The calendar dates in a subsequent contract year may not fall on the same days of the week as the school calendar in effect on your date of disability.

Extra duty day(s) of required attendance means any day(s) you are required to be actively at work based on the school calendar and your extra duty written agreement in effect on the date you become disabled that covers the time period following your disability.

Benefit year means (a) a period equal to the number of your regular days of required attendance under the terms of your employment contract with your employer for the contract year in which you become disabled, plus (b) any additional periods of restored sick leave.

Regular contract salary means your annual salary under the terms of your employment contract with the employer in effect for the contract year in which you become disabled. Regular contract salary does not include any additional compensation, such as overtime pay, weekend or summer-school work compensation, extra duty pay, bonuses or district-funded fringe benefits. The regular contract salary and the number of regular days of required attendance will not change after your date of disability.

Regular monthly contract salary means your regular contract salary divided by 12.

Disability Insurance Worksheet

You have choices when it comes to purchasing Disability insurance. You decide when to make the purchase and which carrier or plan is right for you. It's up to you!

The worksheet on page 13 is designed to help you make a smart and strategic evaluation by considering a few important questions about Disability insurance plans. As you consider applying for coverage, we recommend that you carefully review each plan's terms, exclusions, and benefits, and consider how they would apply to your personal situation.

If you have any questions about the CTA-endorsed plans, feel free to call our dedicated CTA Customer Service Department at 800.522.0406 (TTY). Our representatives are available Monday - Friday, 7 a.m. to 6 p.m. Pacific Time.

	CTA-endorsed Plan ¹	Other Plans
Premium Rates and Coverage under the Plan		
How much will my Disability Insurance cost?	Premiums are based on your salary. Refer to the premium rates table on page 11.	
How long is the Preexisting Condition Period?	30 calendar days before the insurance effective date. Once your insurance takes effect, and you have worked ten (10) consecutive days, the preexisting condition exclusion period no longer applies.	
Are disabilities that occur on the job covered?	Yes. The CTA-endorsed plan covers disabilities that happen on and off the job.	
Are disabilities caused by mental disorders and substance abuse covered under the policy?	Yes. These conditions may be payable for up to two (2) full benefit years.	
What coverage for Accidental Death and Dismemberment is included?	\$50,000 of Accidental Death and Dismemberment coverage is included.	
How the Plan Works		
If I go out on leave due to a disability, how long will I wait before my benefits start?	Once you are out on leave, you will need to serve a Benefit Waiting Period before benefits become payable. This is the lesser of seven (7) consecutive workdays or 30 calendar days.	
Do I need to use my sick leave?	Yes. But you may be eligible to receive benefits on top of your fully paid sick leave. See the “calculating your benefit section” below.	
If I need to be out of work for a long period of time due to a disability, how long will my benefits last?	For most educators, the Maximum Benefit Period is two (2) full years after your sick leave runs out (sick leave + two (2) benefit years). ²	
What happens if I don't agree with a claim decision?	For any adverse decision made by The Standard that is upheld upon review, you have the right to have a panel of your CTA peers (the CTA Advisory Panel on Endorsed Services) review it.	
Calculating Your Benefit		
What salary is my benefit based on?	Your benefit is based on your salary on the date of disability.	
Would Extra Duty Pay be included when calculating my benefits?	Yes, if you have an active or current written extra duty agreement (at the time of your approved disability) for coaching, summer school, etc. The pay you would receive from extra duty assignments is in addition to your regular benefit payments.	
Am I eligible for benefits while I'm in the hospital?	Yes, \$35 per calendar day, including during the benefit waiting period. This benefit is in addition to any other benefits you may be receiving, such as the sick pay benefit, or disability benefits.	
Am I eligible for benefits while I'm using my fully paid sick leave?	Starting on the 8th day of missed work, The Standard will begin paying \$25 per work day during sick leave, which can add up to \$500 per month or more.	
My district deducts the cost of a substitute from my pay. Does this affect my benefit payments?	During substitute differential or similar pay, your Disability insurance benefits will be up to 75% of your daily income (less any deductible income ³). Your minimum benefit during this time will be up to 25% of your daily income (total payment from all sources not to exceed 100% of your salary), or \$30, whichever is greater.

- **During the first 270 days of new employment,** CTA members who are not eligible for CTA Introductory Disability insurance can enroll in CTA-endorsed Voluntary Disability insurance. - **Within 270 days of becoming newly eligible for CTA-endorsed Disability coverage for the first time.** To be considered newly eligible, applicants must be able to demonstrate that they had not been previously eligible for the CTA-endorsed Disability insurance (for example, an increase in work hours that results in eligibility for the CTA-endorsed insurance plans). Please note: an elective change in membership status from non-member to active member may not qualify.

In some situations a complete Medical History Statement may be required during these enrollment opportunities. In addition, there may be other opportunities throughout the year to add or increase coverage, including but not limited to special enrollment opportunities held at local chapters.

What if I have coverage with another carrier?

If you are considering switching your disability and/or life insurance coverage from another carrier to the CTA-endorsed plan, be sure you understand any differences between the plans' terms, exclusions and benefits and how they could apply to your personal

situation. Please see page 14 for some questions you might consider related to Disability insurance plans.

When will my coverage become effective?

You must satisfy the active work requirement in the applicable group insurance policy before your Disability or Life insurance coverage will become effective.

Disability insurance: If you are not required to submit proof of good health, your insurance will become effective on the later of (a) the date you become eligible and (b) the first day of the calendar month coinciding with or next following the date you apply. If you are required to provide proof of good health, your insurance will become effective on the later of (a) the date you become eligible and (b) the first day of the calendar month coinciding with or next following the date The Standard approves your proof of good health. You must make the required premium contribution.²

Life insurance: For Life insurance amounts not subject to proof of good health and for which you apply within 60 days following a family status change, coverage becomes effective on the later of (a) the date of the family status change and (b) the first day of the calendar month coinciding with or next following the date you apply, provided the required premium contribution has been made for that month. Life insurance amounts not subject to proof of good health and for which you apply at any other time become effective on the first day of the calendar month coinciding with or next following the date you apply, provided the required premium contribution has been made for that month. Life insurance amounts subject to proof of good health become effective on the first day of the calendar month coinciding with or following the date The Standard approves your proof of good health, provided the required premium contribution has been made for that month.²

¹ If a previous application submitted with proof of good health was denied by The Standard, then proof of good health will be required.

² If a premium contribution was not made because your employer makes payroll deductions only 10 months each year, your Life and/or Disability insurance will become effective as if the premium contribution had been made. However, premium contributions must begin the next following month in which employee payroll deductions are made by your employer.

Am I covered for Disability while on a leave of absence?

Your coverage may continue while you are out on federal or state-mandated family or medical leave. In addition, if you take an approved leave of absence,

your insurance will be continued with premium payment through the last day of the first calendar month for which you are absent from active work due to the leave of absence. If your coverage remains in force and subject to the terms and conditions of the group policy, a disability that occurs while you are on an approved leave of absence may be covered.

Is childbirth covered under the Disability Plan?

After your coverage is effective, childbirth is covered like any other disability. As an administrative claims management practice, you will be considered disabled four weeks prior to your due date and six weeks following a normal delivery or eight weeks following a C-section. Medical complications that result in disabilities outside of these guidelines will be considered based on medical records. All plan provisions, including those regarding disability, medical necessity and preexisting conditions apply.

How do I file a claim?

For your convenience, you have three options to submit claims:

1. **Call** The Standard's dedicated CTA Customer Service Department at 800.522.0406 (TTY), 7:00 a.m. to 6:00 p.m. Pacific Time
2. **Visit CTAMemberBenefits.org/TheStandard** and submit a claim online.
3. **Fax** a completed claim form to 888.414.0393

Is this a complete description of coverage?

No, this is not a complete description of this coverage. If you become insured, you will receive a certificate of insurance containing a detailed description of the insurance coverage, including the definitions, exclusions, limitations, reductions and terminating events. The controlling provisions will be in the group policy. Neither this booklet nor the certificate of insurance modify the group policy or the insurance coverage.

Terms and Exclusions

The information described in this booklet is subject to all terms and provisions of the group policies and is effective September 1, 2020.

Changes in premium/termination of the group policies/miscellaneous

The Standard's Disability insurance and Life insurance are provided under two separate policies. The group policies may be terminated by The Standard or California Teachers Association (CTA) according to their

terms. CTA may terminate the group policies, in whole, and may terminate insurance for any class or any group of participants at any time by giving The Standard written notice. The Standard may change premiums in accordance with the terms of the group policies.

Disability insurance eligibility

You must be an active employee who (1) has an annual contract with an employer, or the equivalent, as agreed to by The Standard and CTA; (2) is a member in good standing of CTA; (3) is a citizen or resident of the United States or Canada; and (4) is scheduled to work an average of at least 15 hours a week over a four-week period, or during your period of employment if less than four weeks. You must not be: (1) a student member of CTA; (2) a non-member of CTA; (3) a CTA Education Support Professional (CTA ESP) member of CTA; (4) a retired member of CTA; (5) a full time member of the armed forces of any country.

Disability Insurance Evidence of Insurability

You are required to submit evidence of insurability (proof of good health, which may include a medical examination and/or a blood test) if you apply more than 270 days after you become eligible for insurance, or if you fail to make the required premium contribution by the third month following the date you apply for insurance; if you have otherwise been eligible for insurance under the policyholder's group disability plan for more than 270 days but were not an active CTA member; or for certain reinstatements.³

Disability Insurance Active Work Requirement

All coverage is subject to an active work requirement. If you are incapable of active work because of sickness, injury, pregnancy or mental disorder on the scheduled effective date of your insurance or an increase in your insurance, your insurance or increase will not become effective until you complete 10 consecutive full days of active work as an eligible participant.

Definition of disability

During the benefit waiting period and the usual occupation period you must be unable, as a result of sickness or injury, to perform with reasonable continuity the substantial and material acts necessary to pursue your usual occupation and are not working in your usual occupation. You are also disabled if you are working in your usual occupation but, as a result of sickness or injury, are unable to earn 80% or more of your indexed regular daily contract salary. Usual occupation period is the period for which you are eligible to receive fully paid

³ Exceptions exist during special enrollment opportunities.

sick leave and the following two benefit years.

For Class 2 participants, during the any occupation period you are disabled if, as a result of sickness or injury, you are unable to engage with reasonable continuity in any occupation. You are also disabled if you are working in an occupation but, as a result of sickness or injury, you are unable to engage in that occupation or any occupation with reasonable continuity. Any occupation period occurs from the end of the usual occupation period to the end of the maximum benefit period.

Disability insurance exclusions and limitations

Benefits are not payable for any disability:

- Caused or substantially contributed to by a preexisting condition unless you have been continuously insured and actively at work for 10 consecutive regular days of required attendance or extra duty days of required attendance on the date you become disabled. **Preexisting condition** means a diagnosed mental or physical condition for which you have received medical treatment, care or services or have taken prescribed medication at any time during the 30-calendar-day period just before your insurance becomes effective.
- Due to intentionally self-inflicted injuries, committing or attempting to commit an assault or a felony, war or any act of war, declared or undeclared.
- Unless under the care of a physician appropriate to the condition(s) causing disability. **Physician** means a licensed medical professional, diagnosing and treating individuals within the scope of the license. The term includes a legally licensed physician, dentist, optometrist, podiatrist, psychologist or chiropractor. Physician does not include you or your spouse/domestic partner, or the brother, sister, parent or child of either you or your spouse/domestic partner.

Benefits are limited for any disability due to mental disorder or substance abuse.

- **For ongoing disability benefits for Class 2 employees only:** After fully paid sick leave and the following 2 benefit years, no benefits are payable for any disability resulting from mental disorder or substance abuse unless you are confined in a hospital or participating in a rehabilitation program approved by The Standard.

Mental disorder means those psychiatric or psychological conditions, regardless of cause, that

are classified in the Diagnostic and Statistical Manual of Mental Health Disorders (DSM), published by the American Psychiatric Association, most current as of the start of disability. If the DSM is discontinued or repealed, mental disorders will be those classified in the diagnostic manual then used by the American Psychiatric Association as of the start of disability.

The mental disorder limitation will not apply to a disability caused or substantially contributed to by dementia if the dementia is the result of: 1) stroke; 2) physical trauma; 3) Alzheimer's disease or 4) other medical conditions not listed that are not usually treated by a mental health or other qualified provider using psychotherapy, behavioral therapy, psychotropic drugs or similar methods of treatment.

Substance abuse means your being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.
