Board Policy

Interdistrict Attendance

BP 5117

Students

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. The Board desires to communicate with parents/guardians and students regarding the educational programs and services that are available.

(cf. 0520.3 - Title I Program Improvement Districts)

(cf. 5116.1 - Intradistrict Open Enrollment)
(cf. 5118 - Open Enrollment Act Transfers)

Interdistrict Attendance Permits

Out of respect to our neighboring school districts, the potential for overcrowding within our own district schools and limited district resources, the district will only consider approving transfers from another district on a case-by-case basis through an interdistrict attendance agreement.

In considering transfers into the district, the district will grant preference for enrollment of students in the following order:

1. Students to whom district residency is granted on the basis that at least one parent/guardian is physically employed within district boundaries in accordance with all of the requirements of Administrative Regulation 5111.12.
2. Students who have been independently conditionally accepted to Coronado School of the Arts (CoSA).
3. Children of active duty military personnel assigned to Naval Air Station North Island (NASNI) or Naval Amphibious Base Coronado (NAB).
4. All other students who may be eligible for interdistrict attendance through the interdistrict attendance permit process and/or in compliance with the Open Enrollment Act (BP/AR 5118).

Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.

The Superintendent or designee shall ensure that interdistrict permits specify the terms and conditions agreed to by both districts for the granting, denial, or revocation of the permit as well as the standards for reapplication.

The Superintendent or designee may deny the granting of an interdistrict attendance permit because of overcrowding within district schools or limited district resources.

Transportation

The district shall not provide transportation outside any school attendance area.

Limits on Student Transfers out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.
