For which ESSA programs apply to your LEA?

Choose From:

TITLE I, PART A

Improving Basic Programs Operated by
State and Local Educational Agencies

TITLE II, PART A

Supporting Effective Instruction

TITLE IV, PART A

Student Support and Academic
Enrichment Grants

(note: This list only includes ESSA programs with LEA plan requirements; not all ESSA programs.)

In the following pages, ONLY complete the sections for the corresponding programs.

Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Coronado Unified School District's mission is to graduate students with the knowledge and skills necessary to excel in higher education, careers, society, and life with the confidence not only to dream, but to determine their futures. This vision is attainable through rigorous academic standards, high expectations, and a coordinated curriculum. CUSD incorporates this overarching vision to guide the implementation of specific strategies for using federal funds. As outlined in the 2019-2020 LCAP Review of Performance and per the CA School Dashboard and 2018 SBAC results, recent data (2019 SBAC) shows that approximately 22% of CUSD students district-wide are under performing in English Language Arts and 33% are under-performing in mathematics. While we can overall celebrate a slight decrease in the percentage of students under-performing in ELA and mathematics, this still remains an identified need, especially for the following subgroups: Reclassified Fluent English Proficient students, English Learners, Socioeconomically Disadvantaged students, Students with Disabilities and Hispanic/Latino students. To address these performance gaps, CUSD will use federal funds to implement the following strategies:

- To increase academic performance to the proficiency level in English language arts and mathematics for Socioeconomically Disadvantaged and English Learner students, CUSD will allocate Title One monies to the elementary level with a focus on literacy as a preventative measure. Research shows that the gap between low income students and their counterparts begins at the elementary level. CUSD will use these Title One federal funds to provide supplemental funding to the elementary site with the highest percentage of low income students, as that site also has the highest level of transiency in the district due to an 80% military dependent student population, compared to other sites.
- To increase teacher capacity and improve academic performance to the proficiency level in English language arts and mathematics for all students, especially our under-performing subgroups, CUSD will allocate Title Two monies towards targeted professional development. Professional development will focus on research-based pedagogy related to literacy instructional strategies (ie: ELD framework, integrated ELD instruction, close reading, reciprocal teaching, collaborative conversations), guided reading, high quality mathematics tasks, number talks, social/emotional learning curriculum, new curriculum adoptions, MTSS, PBIS, restorative practices and content-specific curriculum and instruction. Additionally, CUSD plans to continue to provide ELD teachers with specific professional learning related to the ELPAC, SDAIE strategies and designated ELD instruction. These activities are also aligned to goal one and goal three of our LCAP.
- To provide more student support and academic enrichment opportunities to prepare our students for college and career, CUSD will transfer Title Four monies to Title Two to support district and school initiatives through targeted professional development. Professional development and resources will be provided to develop district and site protocols that are aligned with the district MTSS vision, are culturally response and promote supportive school discipline. Research shows that students are positively impacted by a restorative approach to discipline. These activities are also aligned with goal one and goal three of our LCAP.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

CUSD's LCAP goals are aligned with corresponding District goals, and all planning and accountability documents are then aligned to this structure in order to direct time and resources to the defined outcomes, based on state and local priorities and indicators. Furthermore, CUSD's LCAP goals support the District's locally adopted Board goals and the Superintendent's Long Range Plan, which in turn serve as anchors for all CUSD schools in the writing of their SPSAs, site planning, budgeting, and Multi-Tiered Systems of Support (MTSS). CUSD utilizes its LCAP as the foundation for district-wide conversations to ensure that district goals and state priorities are intertwined and remain at the forefront of the work it does. In support of this, as outlined in CUSD's LCAP, federal funds are clearly and vitally woven in and throughout the LCAP and are aligned with LCAP goals and actions in addressing and supporting both state and local priorities and indicators. The district supplements literacy intervention programs by offering supplemental academic support at all school sites, by a certificated teacher. Through three active Department of Defense Education Grants (DoDEA), our district is able to provide additional personnel and resources to support interventions and professional development in literacy, mathematics, STEM and Visual and Performing Arts. The allocation of the state and grant funds directly align to the federal program activities described above, as well as in our LCAP. CUSD will continue to provide federal- and state-funded supplemental supports, services, and programs that will build upon its successes while simultaneously addressing areas of concern. Such supplemental supports, services, and programs will be principally directed toward unduplicated student groups (i.e., low-income students English Learners, and foster youth) and any student who is not meeting challenging state academic standards.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 <i>(as applicable)</i>

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;
- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 <i>(as applicable)</i>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

Career Technical and Work-based Opportunities

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 <i>(as applicable)</i>

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

TITLE II, PART A

Title II, Part A Activities

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 (<i>as applicable</i>)

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

TITLE III, PART A

Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 (<i>as applicable</i>)

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

TITLE I, PART A

Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

N/A - this provision is already included in the CUSD LCAP.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

In collaboration with the Coronado Unified School District (CUSD) Human Resources Department and the District Office, each school within the CUSD hires for its own staffing. When a position becomes available, sites or departments make a request to Human Resources (HR) for the position to be posted through EdJoin. CUSD's HR department then verifies that all candidates are credentialed to teach within their subject area through the California Commission on Teacher Credentialing before being offered a contract. As a result, as evidenced by SB 435 Credential Monitoring, Review, and Audit done by the San Diego County Office of Education (SDCOE), during the current 2020-2021 school year, 100% of all CUSD teachers are credentialed to teach in their subject area (or 0% are considered ineffective teachers or out-of-field teachers), and less than 11% of all teachers at all sites (including sites with the highest numbers of low-income students and minority students) would be considered inexperienced teachers who have two or fewer years of teaching experience. The following school site data provides information related to the percentage of inexperienced teachers at each school site relative to the percentage of low-income and minority students.

1. Coronado High School (CHS) student population is 1,075 students, with 37% identified as minority students and 7.5% identified as low-income students. There are 13 teachers at CHS with two or fewer years of teaching experience this school year (2020-2021) – totaling 18% of the teaching staff.
2. Coronado Middle School (CMS) student population is 631 students, with 39% identified as minority students and 12% identified as low-income students. There are 6 teachers at CMS with two or fewer years of teaching experience this school year (2020-2021) – totaling 14% of the teaching staff.
3. Coronado Village Elementary School (VES) student population is 609 students, with 30% identified as minority students and 12% identified as low-income students. There are 6 teachers at VES with two or fewer years of teaching experience this school year (2020-2021) – totaling 12% of the teaching staff.
4. Silver Strand Elementary School (SSES) student population is 284 students, with 45% identified as minority students and 17% as low-income students. There are 6 teachers at SSES with two or fewer years of teaching experience this school year (2020-2021) – totaling 21% of the teaching staff.

In addition to the information provided above, CUSD regularly reviews teachers' credentials and assignments to determine the number of ineffective, inexperienced, and/or out-of-field teachers to conduct an equity gap analysis. Specifically, we use CALPADS and a query in DataQuest. The number of low income and minority students at each site was entered onto a spreadsheet and compared to the number of ineffective, inexperienced and/or out-of-field teachers. This analysis indicated that CUSD does not have significant disparities across sites. 0% are considered ineffective teachers or out-of-field teachers. Inexperienced teachers are distributed across all campuses with no campus having significant disparities.

Furthermore, to ensure teacher quality, effectiveness and equity, CUSD follows specific evaluation protocols. CUSD's hiring and evaluation process safeguard that no disparities exists in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers. The following is an overview of CUSD's evaluation process. First and second year teachers (either temporary or probationary) are evaluated annually (three formal evaluations) during their first two years of teaching; tenured teachers with three to six years of experience are evaluated annually (one formal observation); and tenured teachers with seven or more years of experience are formally evaluated every other year (one formal observation) with a goals meeting occurring every year. Additionally, on a case-by-case basis through the evaluation process described above, a teacher may be recommended for a certificated improvement plan and the peer assistance and review evaluation program.

Parent and Family Engagement

ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

N/A - CUSD does not currently have schools identified for CSI/ATSI.

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Referring to CUSD Board Policy and Administrative Regulation 6020, CUSD recognizes that parents/guardians are their child's first and most influential teachers and that sustained parent/guardian involvement in the education of their children contributes greatly to student achievement and a positive school environment. Additionally, CUSD ensures that parents/guardians and family members participating in Title I programs are provided with opportunities to be involved in their child's education. CUSD works with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities, advisory, decision-making, advocacy roles and activities to support learning at home. This is achieved through regularly scheduled DAC, DELAC, LCAP and SSC meetings, surveys and numerous advisory committees where parent/guardian involvement policies are shared and jointly developed. CUSD communicates with families on an annual basis regarding the CUSD Parent Involvement Policy at the beginning of each school year. The policy is included in the CUSD Registration Handbook, as well as the Student Handbook at each school site. The policy is based upon Board Policy and Administrative Regulations and is reviewed regularly to ensure compliance with both Federal and State regulations. Recommendations from CSBA, CASBO, and feedback received from district and school-based parent advisory groups inform any revisions to the policy. CUSD ensures that ALL families receive communications and invitations to participate on committees and in forums, through communication accommodations, such as translated, interpreters, scheduling individual meetings at a convenient time for individual families, home visits, etc. CUSD also closely monitors student attendance on a daily basis and communicates with families in a timely manner, especially families of migratory, foster or homeless youth, in order to minimize disruptions to educational services. CUSD provides assistance to our families in understanding academic expectations through several strategies. These include regular principal coffees at all school sites, including our targeted assistance school. These meetings address various topics to help parents in understanding state standards, the instructional program, and the ways they can best support their children's achievement in school. Classroom-specific information is provided via Back-to-School night and individually during parent-teacher conferences. The LCAP process also provides many opportunities at the site and district level to assist parents with understanding expectations for their children. CUSD staff has a deep appreciation for the high levels of parent involvement. Staff at every school site and our district office contribute to warm, welcoming environments dedicated to providing exceptional customer service to all parents. High levels of attendance at parent conferences, principal coffees, and other school and district-based events, as well as high numbers of parents volunteering at school sites each day, provide evidence of the effectiveness in this area. Regular communication from school and district leaders reinforce the importance of parent involvement. Leaders continually model and provide ongoing messaging regarding actions needed to support active parent involvement. This messaging begins intentionally during orientation for new staff regarding parent communication. Additionally, site and district leadership partners with our parent groups to educate staff regarding specific parental needs, preferred modes of communication, critical information that parents want to know, etc. This information is shared with staff in order to improve educational services for all students. Collaboration through the LCAP process and through numerous parent advisory committees provide valuable information regarding how best to support our families in continuing to be involved at high levels. Technology is also used to both communicate information and request feedback about LCAP goals from the community at large. Information and questionnaires are posted on the district and school websites. Three annual surveys for stakeholders, including parents, are given throughout the school year. Requests for feedback and participation is sought through email communications. Participation from all parents is solicited, including parents of English learners, students receiving Special Education services, foster children, and families who children receive free or reduced lunch. Although none of our over 18 language groups met the 15% threshold for translation, some communications are provided in English and Spanish.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

SWP: N/A TAS: CUSD has one targeted assistance school (TAS) – Silver Strand Elementary School. CUSD annually identifies students in need of targeted assistance. CUSD’s Director of Student Services in collaboration with school administrators, parents and paraprofessionals, coordinate the monitoring of these students’ attendance, academic, behavioral and social/emotional progress and needs. Additional academic interventions in English Language Arts (ELA) are provided by certificated teachers for identified students, principally at the elementary level. In alignment with the site SPSA, comprehensive needs assessments are completed at each school site. Resources are then allocated to provide an increase in the amount and quality of learning time, specifically targeting the identified learning needs of all students, and especially at-risk students. The CUSD LCAP provides additional supports to elementary, middle and high school student requiring interventions in ELA and mathematics. Neglected or delinquent: N/A

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

There is currently one targeted assistance school (TAS) in CUSD. CUSD annually identifies students in need of targeted assistance. CUSD's Director of Student Services in collaboration with school administrators, parents and paraprofessionals, coordinate the monitoring of these students' attendance, academic, behavioral and social/emotional progress and needs. Additional academic interventions in English Language Arts (ELA) are provided by certificated teachers for identified students, principally at the elementary level. In alignment with site SPSAs, comprehensive needs assessments are completed at each school site. Resources are then allocated to provide an increase in the amount and quality of learning time, specifically targeting the identified learning needs of all students, and especially at-risk students. The CUSD LCAP provides additional supports to elementary, middle and high school students requiring interventions in ELA and mathematics.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

CUSD does not currently serve any homeless or foster youth. In the event that CUSD does have any foster or homeless youth enroll, the school site will immediately ensure that these students do not have any delays with their schedules, instructional programs, transportation, and access to free-and reduced-priced lunch. CUSD's Director of Student Services in collaboration with school administrators, teachers and paraprofessionals, will coordinate the monitoring of these students' attendance, academic, behavioral and social/emotional progress and needs. Additionally, when the reservation funds for homeless education are not utilized as a result of zero enrollment of homeless or foster youth, the funds roll into the Title I allocation the following year for the targeted assistance school (TAS) to support interventions in literacy and mathematics. The new allocation of funds are set aside in the event that CUSD does have foster or homeless youth enroll.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

N/A - CUSD does not currently use Title I, Part A funds to support student transitions. Student transitions are supported through the CUSD LCAP, ensuring that all students transition successfully from elementary school to middle school, from middle school to high school, and from high school to post-secondary education. CUSD has a newly established partnership with Southwestern Community College to offer dual enrollment courses in addition to the CTE courses and pathways that are currently offered in the following industry sectors: Engineering and Engineering Design; Health Sciences and Medical Technology, Design, Visual and Media Arts; Performing Arts; Production and Managerial Arts; and Cabinetmaking, Millwork and Woodworking. In addition, our Coronado School of the Arts (CoSA) is a conservatory arts program within Coronado High School offering six conservatories. Coronado High School also utilizes Naviance, Scoir, and the National Clearinghouse to provide college/career counseling and to monitor student transitions.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) coordination with institutions of higher education, employers, and other local partners; and
- (B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not currently use Title I, Part A funds to support student transitions. Student transitions are supported through the CUSD LCAP, ensuring that all students transition successfully from elementary school to middle school, from middle school to high school, and from high school to post-secondary education. CUSD has a newly established partnership with Southwestern Community College to offer dual enrollment courses in addition to the CTE courses and pathways that are currently offered in the following industry sectors: Engineering and Engineering Design; Health Sciences and Medical Technology, Design, Visual and Media Arts; Performing Arts; Production and Managerial Arts; and Cabinetmaking, Millwork and Woodworking. In addition, our Coronado School of the Arts (CoSA) is a conservatory arts program within Coronado High School offering six conservatories. Coronado High School also utilizes Naviance, Scoir, and the National Clearinghouse to provide college/career counseling and to monitor student transitions.

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not use Title I, Part A funds to support additional activities.

TITLE I, PART D

Description of Program

ESSA SECTION 1423(1)

Provide a description of the program to be assisted [by Title I, Part D].

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Formal Agreements

ESSA SECTION 1423(2)

Provide a description of formal agreements, regarding the program to be assisted, between the LEA and correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Comparable Education Program

ESSA SECTION 1423(3)

As appropriate, provide a description of how participating schools will coordinate with facilities working with delinquent children and youth to ensure that such children and youth are participating in an education program comparable to one operating in the local school such youth would attend.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Successful Transitions

ESSA SECTION 1423(4)

Provide a description of the program operated by participating schools to facilitate the successful transition of children and youth returning from correctional facilities and, as appropriate, the types of services that such schools will provide such children and youth and other at-risk children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Educational Needs

ESSA SECTION 1423(5)

Provide a description of the characteristics (including learning difficulties, substance abuse problems, and other special needs) of the children and youth who will be returning from correctional facilities and, as appropriate, other at-risk children and youth expected to be served by the program, and a description of how the school will coordinate existing educational programs to meet the unique educational needs of such children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Social, Health, and Other Services

ESSA SECTION 1423(6)

As appropriate, provide a description of how schools will coordinate with existing social, health, and other services to meet the needs of students returning from correctional facilities, at-risk children or youth, and other participating children or youth, including prenatal health care and nutrition services related to the health of the parent and the child or youth, parenting and child development classes, child care, targeted reentry and outreach programs, referrals to community resources, and scheduling flexibility.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Postsecondary and Workforce Partnerships

ESSA SECTION 1423(7)

As appropriate, provide a description of any partnerships with institutions of higher education or local businesses to facilitate postsecondary and workforce success for children and youth returning from correctional facilities, such as through participation in credit-bearing coursework while in secondary school, enrollment in postsecondary education, participation in career and technical education programming, and mentoring services for participating students.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Parent and Family Involvement

ESSA SECTION 1423(8)

Provide a description of formal agreements, regarding the program to be assisted, between the

- (A) LEA; and
- (B) correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Program Coordination

ESSA SECTION 1423(9–10)

Provide a description of how the program under this subpart will be coordinated with other Federal, State, and local programs, such as programs under title I of the Workforce Innovation and Opportunity Act and career and technical education programs serving at-risk children and youth.

Include how the program will be coordinated with programs operated under the Juvenile Justice and Delinquency Prevention Act of 1974 and other comparable programs, if applicable.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Probation Officer Coordination

ESSA SECTION 1423(11)

As appropriate, provide a description of how schools will work with probation officers to assist in meeting the needs of children and youth returning from correctional facilities.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Individualized Education Program Awareness

ESSA SECTION 1423(12)

Provide a description of the efforts participating schools will make to ensure correctional facilities working with children and youth are aware of a child's or youth's existing individualized education program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

Alternative Placements

ESSA SECTIONS 1423(13)

As appropriate, provide a description of the steps participating schools will take to find alternative placements for children and youth interested in continuing their education but unable to participate in a traditional public school program.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Through a multitude of professional development activities, Coronado Unified School District (CUSD) provides numerous opportunities to build the capacity of teachers, staff, and administration. Induction for new staff members include an orientation meeting covering all things CUSD from policies, union contracts, district procedures, payroll, benefits, and curriculum and instruction. Additionally, new special education teachers and paraprofessionals engage in a three day special education "boot camp" to provide the necessary foundation of knowledge, protocols and procedures to successfully navigate CUSD special education services. CUSD also implements the BTSA program to ensure new teachers are receiving the mentor ship they need to be successfully inducted into the teaching profession. This program is a two-year commitment and CUSD veteran teachers serve as mentors to the beginning teachers. Through data analysis and staff input, CUSD has designed additional opportunities for staff to engage in professional development. These opportunities are aligned to LCAP goals and include the following: (1) All staff will be trained on the ELD Framework and designated and integrated ELD instructional strategies; (2) Through a committee of site representatives and using a "trainer of trainers" model, CUSD has formed a MTSS committee comprised of teachers, administrators, paraprofessionals and district staff from every school site to develop the CUSD MTSS system of supports and provide training for staff in MTSS, PBIS and restorative practices; (3) Voice-Choice wheel of professional development topics (voluntary) for staff to have a release day to learn about the following: Close Reading, ELA Standards, College/Career Readiness Standards, Data Analysis and CAASPP Interim Assessments, Universal Design for Learning, Co-Teaching Methodologies, Guided Reading, Reciprocal Teaching, Collaborative Conversations, Number Talks, Social/Emotional/Behavioral Supports, and Mindfulness; (4) San Diego County Office of Education Workshops; (5) Visiting and collaborating with schools around the county; and (6) other workshops related to new curriculum adoptions, teaching, learning and the state standards. Lastly, administrators are part of a larger administrative cabinet that meets monthly with district office staff to provide focused information on relevant topics throughout the year. Ongoing adjustments are made to professional learning based on the LCAP community engagement process, site and district leadership observations, staff surveys and analysis of data related to student progress. The CUSD community engagement process for the development of the LCAP and identification of needed professional learning related to LCAP goals includes the participation of all stakeholders, including those representing unduplicated pupils. Stakeholders have opportunities for meaningful participation through formal groups such as the School Board, Association of Coronado Teachers, California School Employees Association, all site Parent Teacher Organizations, School Site Councils, Parent Leadership Council, D/ELAC, South County SELPA CAC, and other parent/school committees; Coronado Schools Foundation, Coronado Arts Education Foundation, Coronado Sports Foundation, and Coronado SAFE (School and Family Enrichment); Military Local Planning Council, various military partnerships and support organizations, and military parent groups; City of Coronado, including Coronado Police and Fire Departments, Coronado Historical Museum, and Coronado Cultural Arts Commission; Community Services Organizations such as Rotary, Optimist, Lions, and Soroptimists Clubs. In addition, community members participate through site-based principal coffees and student focus groups. Data reviewed to inform LCAP development and focus for professional development include an analysis of local assessments in the areas of English language arts and mathematics, ELPAC, Smarter Balanced ELA and Math assessments, California Dashboard Indicator rubrics, staff feedback surveys, parent surveys and the California Health Kids Survey.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

THIS ESSA PROVISION IS ADDRESSED BELOW:

CUSD does not currently have any sites identified as CSI, TSI, or ATSI. One school in the Coronado Unified School District (CUSD) is a school-wide Title I school. As such, they receive Title I funds to supplement their instructional program. Based on data (including internal measures and data from the California School Dashboard) and through regular consultation with stakeholder groups (i.e., administration, certificated and classified staff, parents/guardians, and community members), Title I- and II-funds are utilized for professional development opportunities to address areas of identified growth. In support of this, all sites have access to district-sponsored, Title I- and Title II-funded professional development opportunities. Then, using data, district- and sit-level program effectiveness is analyzed in order to foster a continuous cycle of improvement. Data reviewed to inform LCAP development, prioritize funding/opportunities for schools serving the highest percentage of students counted under Section 1124(c), and focus for professional development include an analysis of local assessments in the areas of English language arts and mathematics, ELPAC, Smarter Balanced ELA and Math assessments, California Dashboard Indicator rubrics, staff feedback surveys, parent surveys and the California Healthy Kids Survey. Ongoing adjustments will be made relative to funding priorities based on data analysis, student demographics and stakeholder engagement.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Using data related to Coronado Unified School District's (CUSD) Local Control Accountability Plan (LCAP) and each sites' School Plan for Student Achievement (SPSA), regular consultation (i.e., interviews and surveys) with all stakeholder groups (i.e., administration, certificated and classified staff, parents/guardians, and the community) are part of the planning process for professional development activities and support. In further support of this are CUSD's LCAP Goal #1 - Learning, that states, "integrate personalized learning with assessment methods that will prepare all students for academic and vocational success" Goal #2 - Communication, that states, "communicate openly, freely, and accurately to engage and involve stakeholders" and Goal #3 - Support, that states, "maintain safe and supportive schools where students and staff thrive." As part of the LCAP, measurable outcomes have been identified that are linked to both internal data and the California School Dashboard. Examples include, but are not limited to: student achievement data, graduation rates, chronic absenteeism rates, suspension and expulsion rates, school safety surveys, school climate surveys, SBAC results, CTE pathway completion rates, AP participation and pass rates, progress and reclassification rates of English learners, parent feedback surveys, and teacher feedback related to professional learning. These data and ongoing collaboration with stakeholders ensure relevant data and input is being used to inform decisions for guiding Title II-funded programs, professional development, and activities that drive the cycle of continuous improvement. Ongoing adjustments are made to professional learning based on the LCAP community engagement process, site and district leadership observations, staff surveys and analysis of data related to student progress. The CUSD community engagement process for the development of the LCAP (formally three times per year) and identification of needed professional learning related to LCAP goals includes the participation of all stakeholders, including those representing unduplicated pupils. Stakeholders have opportunities for meaningful participation through formal groups such as the School Board, Association of Coronado Teachers, California School Employees Association, all site Parent Teacher Organizations, School Site Councils, Parent Leadership Council, D/ELAC, South County SELPA CAC, and other parent/school committees; Coronado Schools Foundation, Coronado Arts Education Foundation, Coronado Sports Foundation, and Coronado SAFE (School and Family Enrichment); Military Local Planning Council, various military partnerships and support organizations, and military parent groups; City of Coronado, including Coronado Police and Fire Departments, Coronado Historical Museum, and Coronado Cultural Arts Commission; Community Services Organizations such as Rotary, Optimist, Lions, and Soroptimists Clubs. In addition, community members participate through site-based principal coffees and student focus groups. The district office administration and school site principals meet with community members to share district and school site information related to the LCAP. Agendas reflect a broad range of topics including the development of the LCAP. LCFF, budget information, CA School Dashboard, implementation of California Standards, the Instructional program focused on teaching and learning, facilities and district-wide and site-specific data related to student progress. Involvement from students occurs through multiple classroom visitations, observation of student work, collection of anecdotal data and focus groups with principals, and student participation in the annual LCAP Community Feedback Forums. Parent input and involvement in the development and annual review of district-wide and site-based objectives occurs via participation in scheduled parent meetings and surveys at the site and district level. Data reviewed to inform LCAP development and focus for professional development include an analysis of local assessments in the areas of English language arts and mathematics, ELPAC, Smarter Balanced ELA and Math assessments, California Dashboard Indicator rubrics, staff feedback surveys, parent surveys and the California Health Kids Survey.

TITLE III, PART A

Title III Professional Development

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not receive Title III funds.

Enhanced Instructional Opportunities

ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not receive Title III funds.

Title III Programs and Activities

ESSA SECTIONS 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not receive Title III funds.

English Proficiency and Academic Achievement

ESSA SECTIONS 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (C) achieving English proficiency based on the State's English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State's long-term goals, as described in Section 1111(c)(4)(A)(ii); and
- (D) meeting the challenging State academic standards.

THIS ESSA PROVISION IS ADDRESSED BELOW:

N/A - CUSD does not receive Title III funds.

TITLE IV, PART A

Title IV, Part A Activities and Programs

ESSA SECTION 4106(e)(1)

Describe the activities and programming that the LEA, or consortium of such agencies, will carry out under Subpart 1, including a description of:

- (A) any partnership with an institution of higher education, business, nonprofit organization, community-based organization, or other public or private entity with a demonstrated record of success in implementing activities under this subpart;
- (B) if applicable, how funds will be used for activities related to supporting well-rounded education under Section 4107;
- (C) if applicable, how funds will be used for activities related to supporting safe and healthy students under Section 4108;
- (D) if applicable, how funds will be used for activities related to supporting the effective use of technology in schools under Section 4109; and
- (E) the program objectives and intended outcomes for activities under Subpart 1, and how the LEA, or consortium of such agencies, will periodically evaluate the effectiveness of the activities carried out under this section based on such objectives and outcomes.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Coronado Unified School District (CUSD) has elected to transfer Title IV funds into Title II funds in order to support the multitude of professional development needs the district is addressing in 2019-20 and 2020-21. For example, CUSD implemented a new math curriculum in grades TK-5 in 2019-2020 and will be providing intense professional development to all elementary teachers to ensure a successful implementation. CUSD is also going to be implementing a new elementary ELA program in the 2020-21 school year, requiring intense professional development to ensure successful implementation. Professional development will continue to be needed to support other state, local and district initiatives (e.g., MTSS, PBIS, restorative practices, co-teaching, literacy - guided reading, outside consultants, and more). CUSD's decision to transfer Title IV funds into Title II is disclosed during the Private School Consultation process.
