

APRIL 29 - MAY 5

Site Promotional Activities

Students at all sites will be given a “CUSD Screen Free Week” bracelet at the beginning of the week as an incentive to be mindful of screen use and there will be posters and banners hung up at each school site to remind students to be aware of their screen use during the week.

At CHS, there will be a contest held for the 5 classrooms with the lowest average screen time for the week. The winning classes will get a pizza party!

At CMS, the ASB had a lot of great idea including an obstacle course, events on campus during lunch each day during Screen Free Week, and Fun Friday to celebrate the end of Screen Free Week.

At the elementary schools and ECDC, each teacher will be deciding on a Screen Free Week activity for their classroom.

Contact your teacher for more information on which activities they will be promoting in their class.
