2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Coronado Middle School is proud to be a California Distinguished School. Our mission statement communicates our school-wide philosophy and vision: Through rigorous academic standards, high expectations, and a coordinated curriculum, Coronado Middle School and the Coronado Unified School District, in partnership with our small, involved community, will graduate students with the knowledge and skills necessary to excel in higher education, careers, society, and life with the confidence not only to dream, but to determine their futures. CMS strives to create a culture of invested and empowered learners who recognize and respect personal learning approaches. Our vision and student learning outcomes (listed below) is the nexus for our staff's approach to teaching and our student's approach to learning.

THINKERS who:
- Seek, interpret, and evaluate evidence to support and defend arguments
- Read, write, listen, and speak to effectively communicate ideas with real, authentic audiences
- Apply a variety of tools and media to publish their best, original work
- Continue to seek learning opportunities outside the walls of the classroom as 21st century learners
- Apply learning to real world connections
- Analyze and explain academic concepts
- Critically assess and problem solve
- Ask questions and take risks to deepen understanding of content

COMMUNITY TEAMmates who:
- Solve problems using multiple solutions and innovative approaches.
- Collaborate and cooperate with diverse learning teams on shared goals
- Foster integrity and respect so that all individuals may thrive
- Listen and communicate to provide kind, specific, and constructive feedback
- Motivate each other to persevere and develop growth mindsets
- Welcome multiple perspectives in order to learn from others
- Recognize the diverse talents of others and contribute their own to enrich the school community
- Uplift one another, show empathy and concern for fellow citizens

INVESTED LEARNERS who
- Demonstrate understanding of content
- Prioritize and manage tasks

2021-22 School Overview

- Reflect for continual growth by monitoring progress, determining when to adjust strategies or when to seek more resources for mastery of challenging concepts
- Embrace personal learning styles, strengths, and needs
- View mistakes as opportunities for growth
- Build confidence and independence to take risks when approaching new learning
- Develop a passion for lifelong learning.

Coronado Middle School opened our new school site in August 2001 and currently serves 630 sixth, seventh, and eighth graders. Committed to putting students first, CMS is known for its excellent and innovative programs and its technology rich environment. Visionary in both plan and action, Coronado Middle School embraces families, volunteers, and business partners in order to support its educational programs in a well-maintained facility. Working together with all stakeholders, CMS provides a caring and compassionate learning community that nurtures and supports exemplary education for every student.

CMS provides a 1:1 environment where students utilize the Google platform and access academic content, assignments, grades, announcements, communication, and more through PowerSchool, our learning management system. Our involved and supportive parent community also have individual, password protected access to the PowerSchool. Furthermore, our standards based mathematics, science, social sciences, and English curriculum are accessible to students via online techbooks as well as physical textbooks.

Coronado Middle School has an expert faculty and staff, committed parents, and talented students. CMS teachers and staff pride themselves on their professional collegiality and dedication to putting students first. The faculty's diligent work in providing relevant, rigorous, standards-based curriculum that focuses on individual success prepares students for college and career readiness as members of the 21st century global society.

CMS continues to implement practices and procedures to support all students in a variety of ways, provide collaborative learning experiences and motivate students to embrace character education through the 8 Keys of Excellence, the Triton 3, and our advisory period, Triton Team Time. Dedicated efforts to provide students above and beyond learning make CMS a distinctively special place. A broad offering of electives is available: broadcasting, Spanish, performing arts, STEM, yearbook, art, digital media, choir, band, and leadership as well as clubs such as robotics, art, Jr. Optimist and more. Through the combination of extracurriculars, electives, and academics, students can pursue their passions and be an integral part of the CMS and Coronado community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There is a strong relationship between parent involvement and increased student achievement, positive behavior, and enhanced self-esteem. The Coronado Schools Foundation (CSF) and the CMS Parent Teacher Organization (PTO) are just two of the many significant ways that we urge parents to stay involved with their children's education during the middle school years.

Our school website and Facebook page have information posted regularly to keep parents informed of school activities. Teachers post information regarding homework, grades, etc. on our learning management system, PowerSchool. Parents are encouraged to email questions and concerns to their student's teachers and counselors, and administrators encourage open lines of communication regarding needs of students and how the school can best serve them.

The CMS PTO supports school spirit with active communication between parents, faculty, and administration. Their fund raising efforts and consistent support of the CMS Community provides educational and recreational enrichment of our children. PTO meetings are held at CMS the first Wednesday of the month. Beginning in August, the PTO serves as partners with CMS to conduct registration, welcome new students and their families, and prepare a school directory. PTO volunteers work on various committees including Staff Appreciation, Character Education and Drug Awareness / Healthy Lifestyle Choices and provide sponsorship of the Spring Fair and Eighth Grade Promotion. Monies are allocated to staff grants, library books, character education enhancements, campus beautification, 6th Grade Camp scholarships, 7th and 8th grade field trip scholarships, PE uniforms, and more.

Our School Site Council (SSC) is comprised of parents, staff, and students who meet four to five times a year to discuss CMS emergency plan, interventions, character education, and our site SPSA.

The Coronado Schools Foundation (CSF) is a committed group of parents and community business partners in support of maintaining the educational excellence for every student in the Coronado Unified School District. As a nonprofit organization, the Foundation primarily consists of parents and school community stakeholders who raise funds to bridge the gap created by insufficient government funding to our public schools. These funds provide essential programs, materials, and equipment to help meet the district board goals and community's expectations of an exemplary education for every student. The Coronado

2021-22 Opportunities for Parental Involvement

Schools Foundation funding has a critical role in working side by side with our school to support the learning needs of students by providing STEAM related programs. Thanks to the generosity of CSF donors, CMS is fortunate to offer courses such as engineering, broadcasting, coding, digital media, visual art, robotics, and performing arts, as well as purchase curriculum materials, technology tools, and create our brand new, 21st century innovation lab.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

At CMS, our comprehensive safety plan is reviewed annually by the School Site Council and approved by the Governing Board. The Site Council approved the 21-22 plan on October 26, 2021. Emergency plans are reviewed with staff to ensure understanding and to explain specific roles. Following drills, administration debriefs to and trouble shoot any potential gaps in the plan. We conduct at least five drills a year: at least three fire drills, two lockdown drills and one earthquake/evacuation drill per year. Coronado police support us with the lockdown drills. Students learn emergency procedures within the first week of school, and they are reviewed throughout the year and after each drill. The plan is in compliance with state and federal requirements. A copy of the plan can be found in the CMS office.

CMS is a closed campus. Students are not allowed to leave during regular school hours unless appropriately checked out by parents/guardians. CMS is small in scale, and the limited entrances and exits around the facility are easy to monitor. There is very limited access to gain entrance to the campus during the day since any foot traffic is directed to one entrance. Entrance gates and doors are secure due to one-way mechanisms. Any person within the campus can exit through designated areas, but once outside the campus, if a gate or door is closed properly, no re-admittance can be gained. All visitors are required to sign in at the office using the Raptor system and they must wear a visitor badge at all times while on campus. Visitors must also sign out when leaving. CMS is fortunate to have a campus security supervisor to ensure safety in all areas of the school.

Any time parents wish to confer with a teacher, the classroom teacher should be contacted for an appointment. If an outside party wishes to observe in the classroom, permission from the principal must be approved and obtained 48 hours prior to the visit and limited to one visit per semester, per school board policy.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

2020-21 Types of Services Funded

The majority of funds and grants to our school are provided by the state of California. These funds are characterized by the type of restrictions on the uses to which the funds can be spent. Unfortunately, the state continues to reduce, and in many cases take away grant monies previously awarded, as a result of state economics. Coronado Middle School maintains and provides supplemental services in many different areas.

Funding that supports supplemental services through the new state Local Control Funding Formula (LCFF) which provides additional monetary support for students who qualify under the following criteria 1) Low socio-economic 2) English Language Learners (ELL) or non-primary English speaking students and 3) Foster children. Since Coronado Middle School has very few students in all of these categories, the state LCFF support is minimal. Supplemental school counseling comes from state funding as well.

Most of our federal monies come in the form of services required through IDEA legislation under special education mandates. A portion of the overall budget for special education is supplemented by the federal government. Additionally, due to serving a large military student population (35% of our school) based on our proximity to military housing and a military base, we receive federal funding for educating military children. In addition, the government has dedicated one full time Military Family Life Consultant (MFLC) or counselor because of the large military student and family population at the school. This MFLC assists with transition to the school, working closely with school personnel to provide support services and guides students and parents in the direction of services provided by the government and military in particular.

Other federal program support does include the "Free and Reduced Lunch Program" for students who meet requirements based on parent income and allow for free or reduced lunch based on this criteria (this is a small percentage of our school). However, this year, all students are eligible for a free lunch.

CMS benefits from three different grants that have been awarded to the district via Department of Defense - DoDEA. These monies provide intervention classes and programs to support the needs of military dependent students performing below proficiency, arts integration support for English classes, and a STEM grant which supports the development of our new innovation lab and our STEM and robotics programs.

Professional Development

Professional Development for Coronado Unified School District

2021-2022: Professional Development for Coronado Unified School District's certificated and classified staff is robust and organized into three tiers: district-wide professional development; weekly collaboration and professional growth for school sites, departments or grade level teams; and District leadership teams, collaboration, and curriculum development beyond the scope of the school day for which teachers are paid. The instructional focus at the district level and each school site is academic discourse. This instructional focus is directly aligned to the CUSD mission, vision, 21st century outcomes for students, college career readiness and the goals and actions within the CUSD Local Control Accountability Plan (LCAP).

Tier I: In collaboration with each school site administration, district-wide professional development is focused on academic discourse, the speaking and listening standards, MTSS (social-emotional-behavioral supports and PBIS), and course pacing and essential learnings at CHS.

Tier II: Each year, weekly collaboration and professional growth for school sites: All teachers received approximately 1 hour each Wednesday (early release days for all school sites) for staff meetings, site- and district- based professional development, department/grade levels meetings, and articulation between grades, departments, and sites. Site-level topics of professional development include co-teaching, literacy, learning walks, collaborative discussion routines, instructional technology and software, and content area specific trainings.

Tier III: Active Leadership Teams for 2021-2022 include the MTSS Representatives in collaboration with the Learning Department. The focus of the Tier III professional development is on MTSS across all school and district systems.

Funding: Funding for professional development for 2021-2022 is provided by federal Title IIA funds and the Educator Effectiveness Block Grant funds in order to personalize professional learning for all staff.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
