2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Coronado High School is a comprehensive high school committed to providing a rigorous academic program and a supportive, caring school culture. Our mission statement communicates our school-wide philosophy and vision: Through rigorous academic standards, high expectations, and a coordinated curriculum, Coronado High School and the Coronado Unified School District, in partnership with our small, involved community, will graduate students with the knowledge and skills necessary to excel in higher education, careers, society, and life with the confidence not only to dream, but to determine their futures. CHS promotes academic proficiency offering a full slate of core academic courses and electives as well as programs such as Advanced Placement (AP courses), arts conservatories through the Coronado School of the Arts (CoSA), NJROTC, Career Technical Education Pathways (Arts, Media & Entertainment, Patient Care, Woodworking, Engineering, Computer Science), Adult Education (ELL), and CIF freshman, junior varsity, and varsity athletics.

CHS: Our Vision

“We inspire, innovate, and create limitless opportunities to thrive.”

Our vision and student learning outcomes (listed below) are the nexus for our staff’s approach to teaching and our student’s approach to learning

1. SELF-AWARE and RESILIENT INDIVIDUALS who

- identify areas of strength and growth, and develop, reflect on, and adjust goals
- explore and utilize at least one of the many available learning paths to grow areas of strength and interest
- --Dual enrollment
- --CTE pathways
- --CoSA pre-professional conservatories

2021-22 School Overview

- --Competitive academic clubs
- --Internships/work experience
- --NJROTC
- prioritize and manage short- and long-term tasks
- develop original and creative projects or services
- demonstrate confidence in their capability to influence communities local to global

2. ANALYSTS who

- read, write, speak, and listen critically
- critically analyze ideas, not people
- evaluate and synthesize multiple media and the reasoning of others to draw conclusions
- question, theorize, experiment, conclude, revise
- develop, defend, and justify claims with evidence
- choose appropriate strategies and resources for research, problem solving, and communication of understanding
- focus on solutions and actions
- are visionary and curious

3. COLLABORATIVE TEAMMATES who

- work in person or remotely via technology to:
- contribute to a co-curricular group: club, sport, civic organization, pre-professional conservatories, CTE pathway, or other creative projects
- cooperate with others to develop common goals and outcomes
- balance leadership and contribution
- practice constructive critique of ideas, including our own
- effectively use technology to collaborate and communicate efficiently

4. COMMUNITY MEMBERS who

- make informed decisions about collective and personal health and financial literacy
- approach learning, expression, and relationships with respect and integrity
- demonstrate understanding and respect for diverse viewpoints, belief systems, and cultures
- understand the environmental, social, and economic impacts of decisions

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

CHS is offering two new Southwestern College Dual Enrollment CTE courses in the Health Science & Medical Technology and Information Technology & Communication sectors in the 2021-2022 school year.

CHS will be adding a pathway in the Engineering and Architecture industry sector in the 2022-2023 school year.

CHS offers an extended school day to allow students access to AME CTE courses within Coronado School of the Arts (CoSA). CHS has a four period day that offers a 5th period in AME courses.

Students in the CUSD/CHS CTE courses are expected to write, compute and evaluate using rigorous standards in all well-rounded subject areas. Our 95%+ graduation rate, high college acceptance and overall standing as a high achieving high school show that our CTE students have the foundation and skills in all areas of learning.

Many special education students' IEP teams recommend CTE courses as the hands-on approach is a learning environment that lends itself well to success for all students, including those with special needs.

All CTE courses meet state competencies for the respective field. 98% of students in a capstone course receive a C or above, which shows that students are successful in the standards for that pathway.

Every pathway has a minimum of three advisors in that respective field. All CTE teachers and CTE administrators meet with the advisors at least once a year to:

- Review the curriculum/units/lessons and provide feedback
- Discuss emerging occupations and skills needed
- Review industry credentials/certifications
- Provide information on skills needed in the workplace
- Safety concerns, training, and equipment
- Help with work-based learning activities
- Provide advice on new equipment,
- Credibility
- Assistance in adapting skill standards for local needs

CHS is currently partnering with Southwestern College Dual Enrollment CTE courses this 21-22 school year.

2020-21 Career Technical Education (CTE) Participation

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and community members are involved in the life and planning of Coronado High School through our School Site Council, Parent Teacher Organization, Coronado Schools Foundation, Coronado School of the Arts Foundation, Islander Sports Foundation, Athletics and Arts Booster organizations, and volunteer opportunities in classrooms, on field trips, and

2021-22 Opportunities for Parental Involvement

extracurricular events.

Our school website, Facebook page, and weekly Sunday newsletters have information posted regularly to keep parents informed of school activities. Teachers post information regarding homework, grades, etc. on our learning management system, PowerSchool. Parents are encouraged to email questions and concerns to their student's teachers and counselors, and administrators encourage open lines of communication regarding needs of students and how the school can best serve them.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The CHS school safety plan is developed by administrators and faculty and classified staff and reviewed by educational partners and approved by the School Board. Our safety plan outlines emergency response protocols and responsibilities of various staff in the event of disaster or emergency. Students and staff practice lockdown and response to fire and earthquakes, including evacuation and accountability and reunification. Our safety plan is shared with all faculty at the start of the school year and a review is completed mid year. Each faculty member has a backpack with the safety plan and first aid items for an emergency.

CHS conducts five drills a year: at least three fire drills, two lockdown drills and one earthquake/evacuation drill. Entrance gates are secure due to one-way mechanisms and any person within the campus can exit through designated areas, but once outside the campus, if a gate or door is closed properly, no re-admittance can be gained. All visitors are required to sign in at the office using the Raptor system and they must wear a visitor badge at all times while on campus. CHS is fortunate to have a campus security supervisor to ensure safety in all areas of the school. Any time parents wish to confer with a teacher, the classroom teacher should be contacted for an appointment. If an outside party wishes to observe in the classroom, permission from the principal must be approved and obtained 48 hours prior to the visit and limited to one visit per semester, per school board policy.

In the summer of 2020, CUSD added security cameras to the campus of CHS.

2020-21 Types of Services Funded

CHS is fortunate to receive grant funding through community and statewide partnerships.

- With funding support from the city, we provide a clinical counselor to address students' social/emotional needs and crisis interventions.
- Grant funding provides a section of a district Teacher on Special Assignment that supports analysis of data to provide personalized math instruction for students.
- Grant funding through K-12 Strong Workforce and CTEIG provides sections of Career/Technical Education, professional development and supplies for pathway development. The grant also funds a coordinator/Teacher on Special Assignment.
- Private foundations (501c3) funding supports elective course offerings (Coronado Schools Foundation, Coronado School of the Arts Foundation, and Islander Sports Foundation) to expand our students' College and Career readiness and athletic opportunities.
- The Navy provides funding to partially support our NJROTC program.
- Due to serving a large military student population (34% of our school) based on our proximity to military housing and a military base, we receive federal funding for educating military children. In addition, the government has dedicated one full time Military Family Life Counselor (MFLC) to CHS.
- Coronado High School offers a section of English Language Development in accordance with the needs of our students who are English Language Learners.

Professional Development

Professional Development for Coronado Unified School District

2021-2022: Professional Development for Coronado Unified School District's certificated and classified staff is robust and organized into three tiers: district-wide professional development; weekly collaboration and professional growth for school sites, departments or grade level teams; and District leadership teams, collaboration, and curriculum development beyond the scope of the school day for which teachers are paid. The instructional focus at the district level and each school site is academic discourse. This instructional focus is directly aligned to the CUSD mission, vision, 21st century outcomes for students, college career readiness and the goals and actions within the CUSD Local Control Accountability Plan (LCAP).

Tier I: In collaboration with each school site administration, district-wide professional development is focused on academic discourse, the speaking and listening standards, MTSS (social-emotional-behavioral supports and PBIS), and course pacing and essential learnings at CHS.

Tier II: Each year, weekly collaboration and professional growth for school sites: All teachers received approximately 1 hour each Wednesday (early release days for all school sites) for staff meetings, site- and district- based professional development, department/grade levels meetings, and articulation between grades, departments, and sites. Site-level topics of professional development include co-teaching, literacy, learning walks, collaborative discussion routines, instructional technology and software, and content area specific trainings.

Tier III: Active Leadership Teams for 2021-2022 include the MTSS Representatives in collaboration with the Learning Department. The focus of the Tier III professional development is on MTSS across all school and district systems.

Funding: Funding for professional development for 2021-2022 is provided by federal Title IIA funds and the Educator Effectiveness Block Grant funds in order to personalize professional learning for all staff.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
