WHAT ARE WE DOING?

MTSS FLOWCHART FOR PreK-12

To meet the academic and behavioral needs of ALL students

TIER I

- ALL students receive high quality classroom instruction and supports
- Universal screener data should be used to guide instruction
- Provide evidence-based researched curriculum instruction that is aligned to California state standards
- Differentiated instruction to meet the diverse needs of all learners
- Utilize a decision making process that is based on multiple data points when determining the need for additional student supports

TIER II

- ALL students continue to receive Tier I high quality classroom instruction and supports
- Offer supplemental instruction that includes evidence-based, targeted, skill building interventions for identified skill deficit(s)
- Utilize progress monitoring that is aligned to the supplemental intervention and the student goals
- Provide individual or small group targeted instruction/intervention and supplemental supports to meet academic or behavioral needs
- Employ a decision making process that is based on multiple data points when determining the need for additional student supports or returning a student to Tier I, adjusting or changing Tier II intervention, or referral to the Student Support Team

TIER III

- ALL students continue to receive Tier I high quality classroom instruction and supports
- Offer intensive intervention that includes evidence-based, targeted, skill building interventions for the identified skill deficit(s)
- Interventions have increased intensity and frequency, including smaller group size
- Utilize progress monitoring that is aligned to the intensive intervention and the student goals
- Employ a decision making process that is based on multiple data points when determining the need for additional student supports. This may include: continuing Tier III with the same intervention, with an additional intervention attempted, or a change in intervention; returning to Tier II; returning to Tier I – OR – be referred to the school administration and student services team to determine the need for a comprehensive assessment through the child find process

CHILD FIND

- Students suspected of having a disability continue to receive high quality classroom instruction and supports
- Request for a comprehensive assessment for children suspected of having a disability immediately to CUSD staff
- Obtain written consent for the evaluation from the parent prior to the assessment
- Do NOT allow the MTSS process to delay nor deny the appropriate evaluation of a child suspected of having a disability
- Understand the MTSS process is not a prerequisite for a comprehensive assessment request
- Develop an Individualized Education Plan (IEP) for students eligible for special education services
- Determine if students not eligible for an IEP should return to the MTSS process or if they are eligible for a 504 plan

READING	WRITING	SPEAKING AND LISTENING	LANGUAGE
Key Ideas and Details <ol style="list-style-type: none"> Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text. Determine central ideas or themes of a text and analyze how development is supported by relevant details and ideas. Analyze how and why individuals, events, and ideas develop and interact over the course of a text. Craft and Structure <ol style="list-style-type: none"> Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning and tone. Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene, or stanza) relate to each other and the whole. Assess how point of view or purpose shapes the content and style of a text. Integration of Knowledge and Ideas <ol style="list-style-type: none"> Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.⁴ Deliberate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence. Analyze how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take. Range of Reading and Level of Text Complexity <ol style="list-style-type: none"> Read and comprehend complex literary and informational texts independently and proficiently. 	Text Types and Purposes** <ol style="list-style-type: none"> Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant, sufficient evidence. Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content. Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences. Production and Distribution of Writing <ol style="list-style-type: none"> Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. Develop and strengthen writing as needed by planning, revising, editing, rewriting or trying a new approach. Use technology, including the Internet, to produce and publish writing and to interact and collaborate with others. Research to Build and Present Knowledge <ol style="list-style-type: none"> Conduct short as well as more sustained research projects based on focused questions, demonstrating understanding of the subject under investigation. Gather relevant information from multiple print and digital sources, assess the credibility and accuracy of each source, and integrate the information while avoiding plagiarism. Draw evidence from literary or informational texts to support analysis, reflection, and research. Range of Writing <ol style="list-style-type: none"> Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (e.g., single sitting or a day or two) for a range of tasks, purposes, and audiences. 	Comprehension and Collaboration <ol style="list-style-type: none"> Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally. Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric. Presentation of Knowledge and Ideas <ol style="list-style-type: none"> Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience. Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations. Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate. 	Conventions of Standard English <ol style="list-style-type: none"> Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. Knowledge of Language <ol style="list-style-type: none"> Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening. Vocabulary Acquisition and Use <ol style="list-style-type: none"> Determine or clarify the meaning of unknown and multiple-meaning words and phrases by using context clues, analyzing meaningful word parts, and consulting general and specialized reference materials, as appropriate. Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. Acquire and use accurately a range of general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

What EXTRA academic resources and supports have been implemented to help students with literacy and math?

What is the process for identifying students for additional supports?

(Kevin Shaeffer)

- **Identification**: formative and summative data; educational partner input
- **Support**: type of support will match what the student needs (extra small group or individual support within or out of the classroom, support classes, etc.)
- **Counseling Supports**
- **Instructional Materials**

- **Tutoring**: NHS, middle school and elementary school
- **Summer School**
- **Additional supports** during and outside the school day
