## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Village Elementary School creates a student-centered learning environment that serves the whole child in grades ranging from TK through 5th Grade. We enable students to prepare for their future by developing the skills, knowledge, and confidence necessary to seek a meaningful life, both individually and as a productive member of the community.

Our mission statement: Through rigorous academic standards, high expectations, and a comprehensive and coordinated curriculum (including Visual and Performing Arts and experiences in our Innovation Lab), Village Elementary, in partnership with our district and community, will graduate students with the knowledge and skills necessary to excel in higher education, careers, society, and life with empowered confidence to fulfill their dreams and aspirations for the future.

Located in the heart of the village of Coronado, a small island resort community on the coast of San Diego, California, Coronado Village Elementary, a California Distinguished School and a National Blue Ribbon School of Excellence, serves as the hub of this small city. Our beautiful brick building is one of three schools located within one square mile of the Coronado Unified School District. We share this block with the middle school and high school. Our partner elementary school, Silver Strand, is located three miles south and serves families living in Naval Enlisted Housing and a neighboring resort area.

The Village Elementary main campus opened in 1992, and we serve approx. 850 students from TK-5th grade. We honor and encourage our active and engaged learners becoming prepared for college and career.

The community includes low, middle, and upper income homes, apartment buildings, small businesses, and hotels. Approximately 40% of our families are military, serving on our local naval bases, ships, and submarines, making our school population highly mobile. Seven different ethnic groups and languages are represented at Village. The staff is committed to

providing the best education possible for every student, by name, by need. All decisions are made based on what is in the best interest of our students. We believe in modeling life-long learning and are continuously attending professional development opportunities to improve our curriculum, instruction, and assessment practices.

Village Elementary teachers meet regularly to collaborate and learn about best instructional practices focused on the needs of students and reflect on current student formative data to plan instruction. In addition to providing a rigorous curriculum based on high standards, the Village staff works in partnership with our families and community members to teach life skills through a district-wide program, Sanford Harmony, so students learn what it means to be a positive, respectful, kind and responsible citizen. The Military Family Life Counselors (MFLC) and the Clinical Counselors teach classroom lessons, provide group and individual counseling, and other levels of social-emotional supportive programs to ensure all students are achieving and succeeding. Everyone-A-Reader (EAR) volunteers provide one to one support in reading to students on a daily basis, and our Reading Intervention teacher provides additional support in reading daily. Our master schedule provides for a school-wide W.I.N. (What I Need) time where students receive individualized small group instruction in order to meet their academic and social-emotional needs.

In partnership with our MFLCs, we host Anchored for Life for students to provide extra support to military families. The Village team of dedicated professionals are committed to striving for excellence for all our students, for our programs, and for our learning environment. Our inclusive learning environments provide equity for all students, regardless of degree of learning or physical challenges. Students are included in the general education classrooms, with small group or individual assistance as needed. The Student Success Team (SST) program is offered for students who need assistance academically, socially, emotionally, or cognitively as the foundation of our Multi-Tiered Systems of Support (MTSS) framework. We actively use Restorative Practices to engage our learners in restoring relationships as a form of social and emotional reintegration and relationship management. Teachers and students use a variety of technology applications to extend thinking and to provide a challenging curriculum. The Village Innovation (iLab), library, and netbook computers available for each grade level, support project-based learning and a growing one-to-one program, grades K-5. Each student in grades 1st-5th has a 1:1 computer and each classroom houses an LCD projector/document camera, and many classrooms have Smart Boards.

Choir, Band, World Languages (French and Spanish), Chess and many other enrichment opportunities are in place both before and after the instructional day to provide a wide variety of extracurricular experiences for all students on the Village campus. We partner with many businesses and organizations in the community throughout the school year to promote learning opportunities for students and provide volunteer opportunities for community members.

### A. Conditions of Learning

#### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

Classroom space at Village Elementary School is adequate to support our school's current enrollment. The District maintains a planned program, which ensures routine maintenance functions are performed on a scheduled basis. Village's custodial staff performs basic cleaning operations daily.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

At Village Elementary, it is truly evident that parents are not only welcomed, but also embraced as co-educators and seen as valuable resources within their child's educational experience. We view education as a partnership and believe that schools improve when teachers and parents act as a team to reinforce each other's efforts in delivering a quality education.

The School Site Council (SSC) is made up of parents and teachers who together suggest how our funds will be spent along with other important school decisions. The very name of our parent group, Parent Teacher Organization (PTO), demonstrates our joint commitment, as well. We have a large number of community volunteers each week at Village and have been recognized for our exemplary implementation of Everyone A Reader (EAR) program, MFLC program and tight connection with Coronado Safe.

Our school facilities are often available for use by community organizations, businesses, and they in turn, provide volunteer time to work with students, tend our school garden, provide lessons in 'going green', or make improvements to our school. We maintain a strong partnership with the US Navy; personnel from various commands from Naval Base Coronado volunteer their time in a variety of ways including after school Anchored for Life programming. Village Elementary honors our local military veterans each year on Veterans Day. These partnerships we have created are essential in weaving home, school, and community together. Visitors to Coronado Village Elementary always comment on what a special school it is. We know our students, staff, and parents make it a school worthy of state and national recognition.

Our parents are an integral part of our site strategic plan and are partners in completing our Local Control Accountability Plan (LCAP) each year in February. Several parents meet yearly to review and update our plan which drives our focus and instruction throughout the year. We are proud to say that parents are truly an essential part of the educational process at Village.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The School Site Council reviews and approves a comprehensive safe school plan including data regarding school crime, safe school procedures, and compliance with laws including:

(1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school. It is revisited and updated annually each September, followed by Governing Board approval. We conduct practice emergency drills including fire, earthquake, and lock down each month during the school year. Each classroom is equipped with an emergency backpack, bottled water, and a snack for each student in case of a real emergency. Staff is prepared to perform as necessary in the event of a real disaster/emergency.

For safety purposes, during the COVID-19 pandemic, we are limiting all non-essential visitors and volunteers. For the rare instances that volunteers and visitors are allowed on campus, we require all to sign in at the office upon arrival, wear a visitor/volunteer lanyard, and sign out when leaving. Any time parents wish to confer with the teacher, the classroom teacher should be contacted for an appointment. During COVID-19, all meetings are highly encouraged to be conducted virtually. Any time parents wish to observe in the classroom, permission from the principal or principal designee would need to be obtained 48 hours prior to the visit and limited to 30 minutes in duration, per school board policy. Classroom visits during COVID-19 are also held virtually. Other than before and after school, Village Elementary is a closed campus.

## 2020-21 Types of Services Funded

During non-COVID-19 times, Village Elementary has various before/after school enrichment opportunities that support student learning and recreation. During the instructional day, reading intervention teachers work with students in grades K-5th grade on decoding and comprehension skills. The school bell schedule allows for built in time, each day, for a 45 minute intervention and enrichment block called What I Need (W.I.N) time. During COVID, two instructional models are offered to families; an in person learning opportunity and iAcademy.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

Professional Development for Coronado Unified School District

2021-2022: Professional Development for Coronado Unified School District's certificated and classified staff is robust and organized into three tiers: district-wide professional development; weekly collaboration and professional growth for school sites, departments or grade level teams; and District leadership teams, collaboration, and curriculum development beyond the scope of the school day for which teachers are paid. The instructional focus at the district level and each school site is academic discourse. This instructional focus is directly aligned to the CUSD mission, vision, 21st century outcomes for students, college career readiness and the goals and actions within the CUSD Local Control Accountability Plan (LCAP).

Tier I: In collaboration with each school site administration, district-wide professional development is focused on academic discourse, the speaking and listening standards, MTSS (social-emotional-behavioral supports and PBIS), and course pacing and essential learnings at CHS.

Tier II: Each year, weekly collaboration and professional growth for school sites: All teachers received approximately 1 hour each Wednesday (early release days for all school sites) for staff meetings, site- and district- based professional development, department/grade levels meetings, and articulation between grades, departments, and sites. Site-level topics of professional development include co-teaching, literacy, learning walks, collaborative discussion routines, instructional technology and software, and content area specific trainings.

Tier III: Active Leadership Teams for 2021-2022 include the MTSS Representatives in collaboration with the Learning Department. The focus of the Tier III professional development is on MTSS across all school and district systems.

Funding: Funding for professional development for 2021-2022 is provided by federal Title IIA funds and the Educator Effectiveness Block Grant funds in order to personalize professional learning for all staff.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
