Chapter 1:

Introduction to the Youth Programs Directory

1.1. Intent of the Youth Programs Directory

The YP Directory is intended to support YP professionals in staying connected with their counterparts from across the CYP Enterprise, the sharing of ideas/information, and to facilitate Youth Sponsorship (e.g. providing a PCS'ing family with their gaining CYPs contact information).

1.2. Update Process

The YP Directory will be updated monthly based on the information entered into the CYP Metrics Tool (https://cyp.cnic-n9portal.net/cyp_metrics/). Therefore, it is imperative that CYP Directors update their respective installation's Contact List within the CYP Metrics Tool to ensure an accurate YP Directory.

On a monthly basis, an updated YP Directory will be posted to the CYP e-Library (<https://elibrary.cnic-n9portal.net/>). For the protection of personal identifiable information (PII), the YP Directory will require a username and password for viewing/downloading. For access to the password protected section of the CYP e-Library, please visit the "Contact Us" section of the CYP e-Library (<https://elibrary.cnic-n9portal.net/contact-us/>) and request a username and password.
