## What is Youth Sponsorship?

The Navy Youth Sponsorship Program is designed for children in grades three through twelve who are enrolled in the School Age Care or Teen Program at the local Navy Youth Center.

Youth Sponsorship provides access to positive peer groups and social activities, helping military children feel connected to their new community.

## MISSION

The mission of the Navy Youth Sponsorship Program is to alleviate educational disruptions by empowering all youth through a stream of continuous support to provide stability, leadership skills, sustain academic learning, provide a connection between school and peers and to produce competent citizens.

## VISION

The Navy Youth Sponsorship Program envisions a collaboration between today's youth, mentors and educators in which a community is developed to assist today's military child with the challenges associated with the military lifestyle, through outreach support prior to transition, then continuous support upon the child's integration to the new location, which will produce positive quality citizens with leadership skills and stability capable to transition into adulthood.

## The Youth Sponsorship Program consists of three major components:

### OUTREACH

Identifying incoming youth and providing them with information.

### NEWCOMER ORIENTATION

Providing information and materials on programs and services available on the installation and in the surrounding community.

### PEER TO PEER

Connecting youth currently attached to the installation with incoming youth.

## Why is Youth Sponsorship Important?

Military families experience frequent relocations. The transition to a new community and school can be challenging. Youth may be uncomfortable meeting new peers and may be unaware of opportunities to become involved with their new school or community.

Youth Sponsorship provides access to positive peer groups and social activities, helping military children feel connected to their new community.

To help our youth feel more comfortable about their upcoming moves, the Navy Youth Sponsorship Program gives transitioning youth an opportunity to connect with their peer group prior to arrival.
